IT GOES TO show that
you have to be very
careful what you
pretend to be . . .

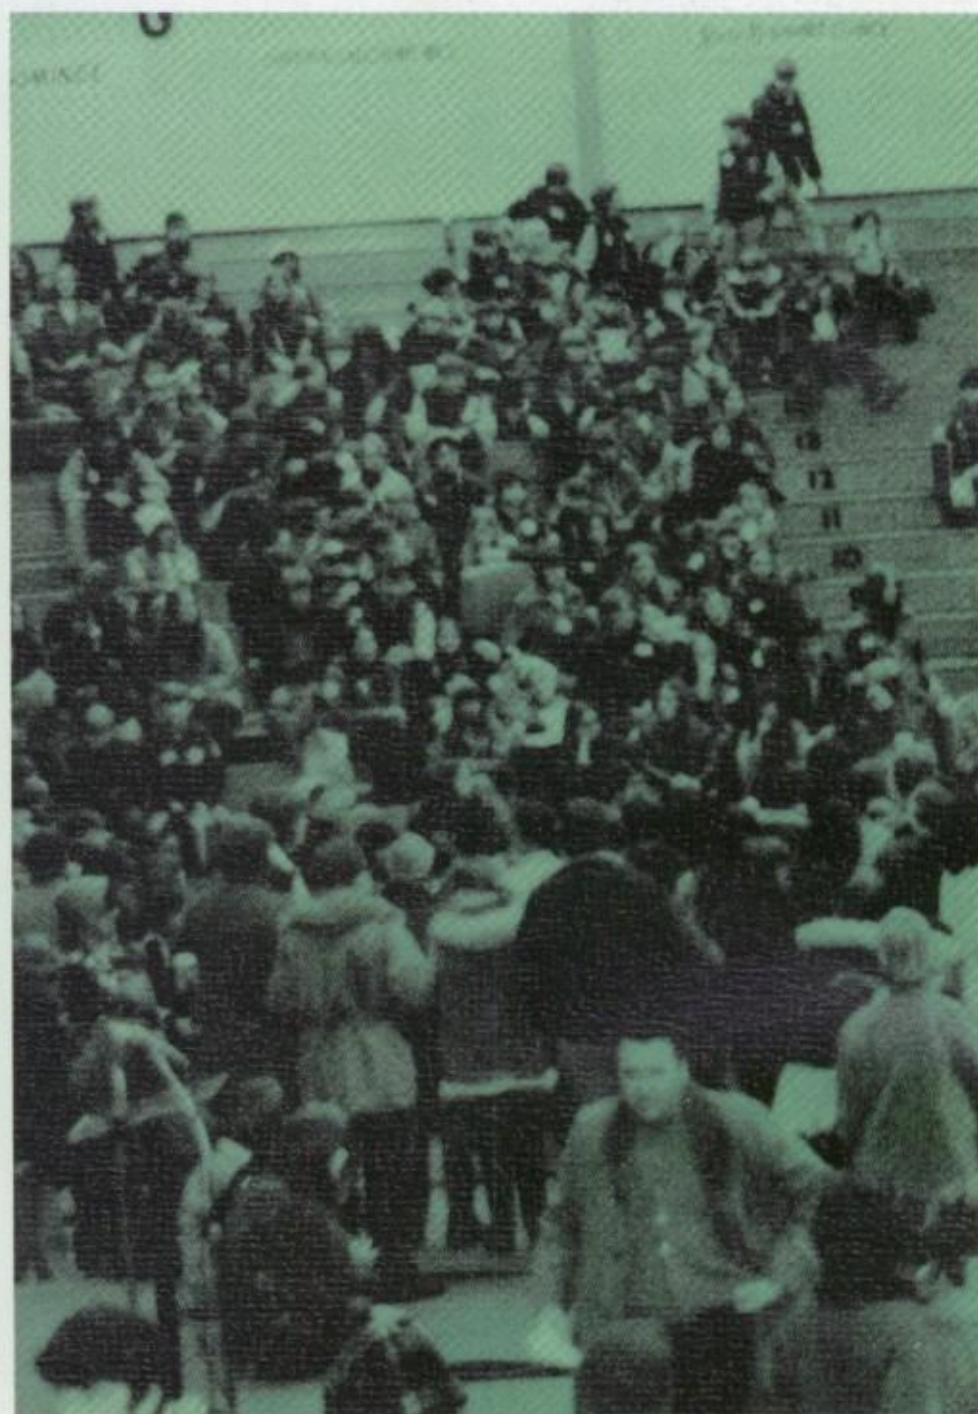

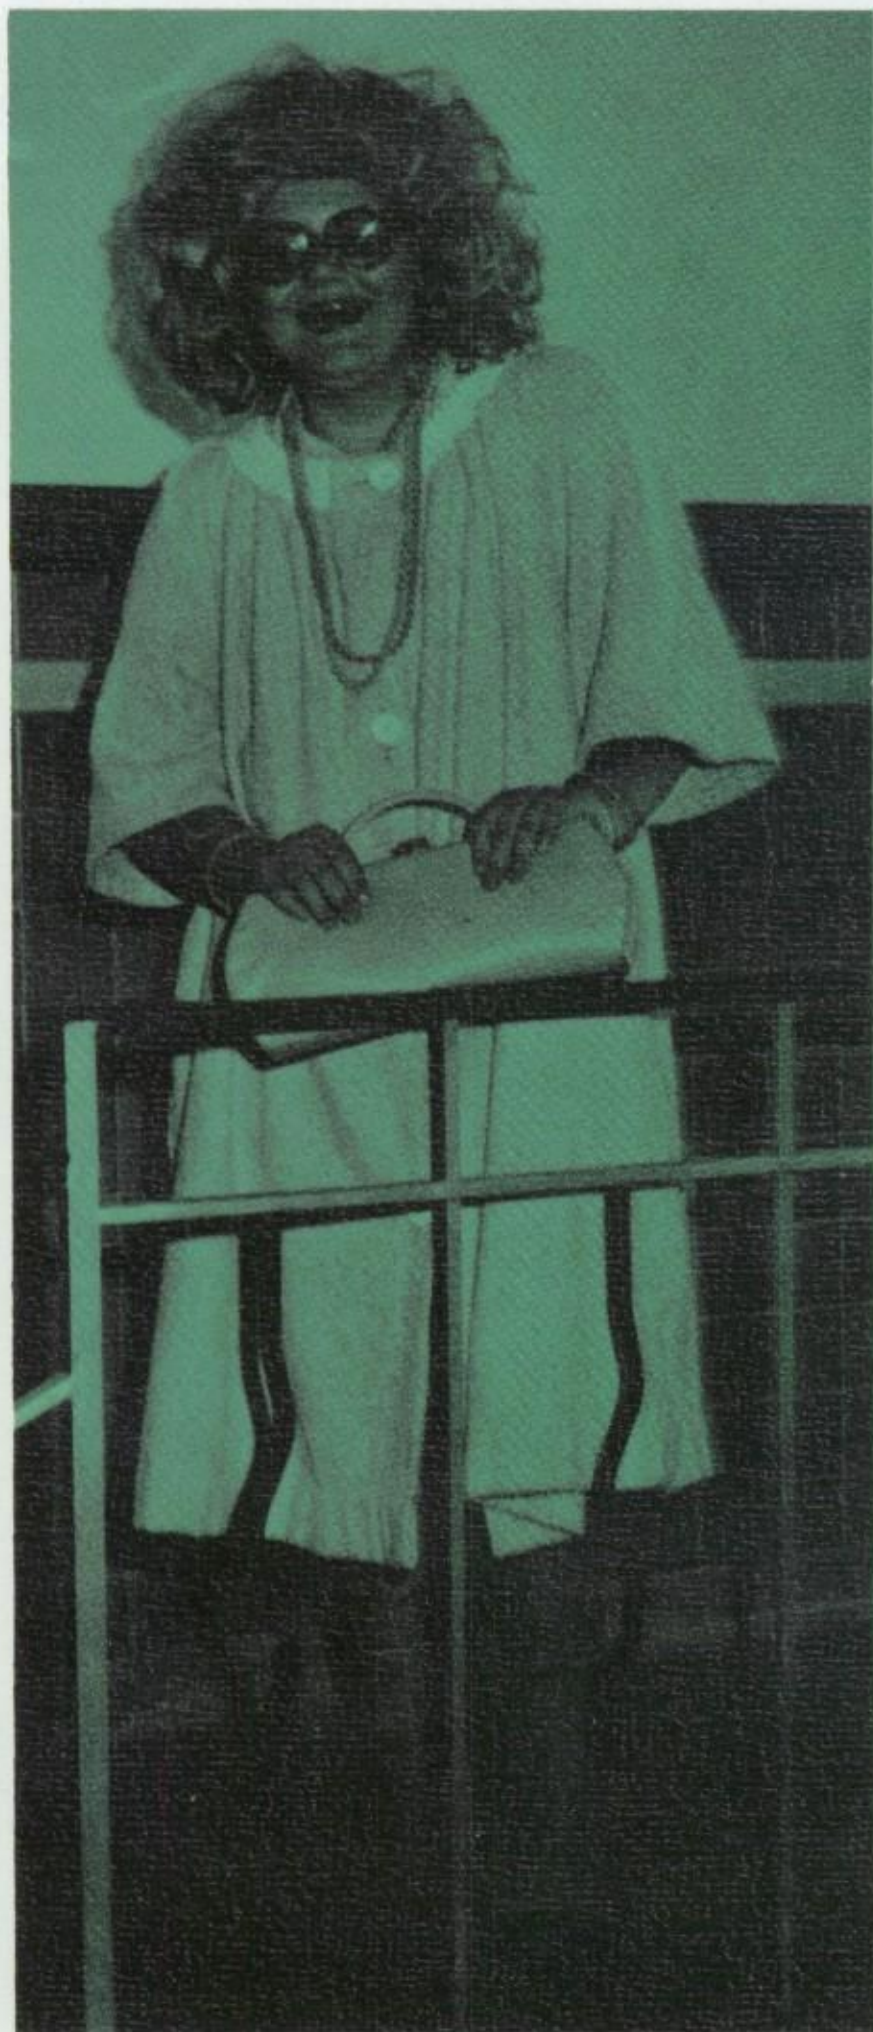

because one day you may wake up to find that's what you are

-Bokonon from Kurt Vonnegut's
"Between Time and Timbuktu"

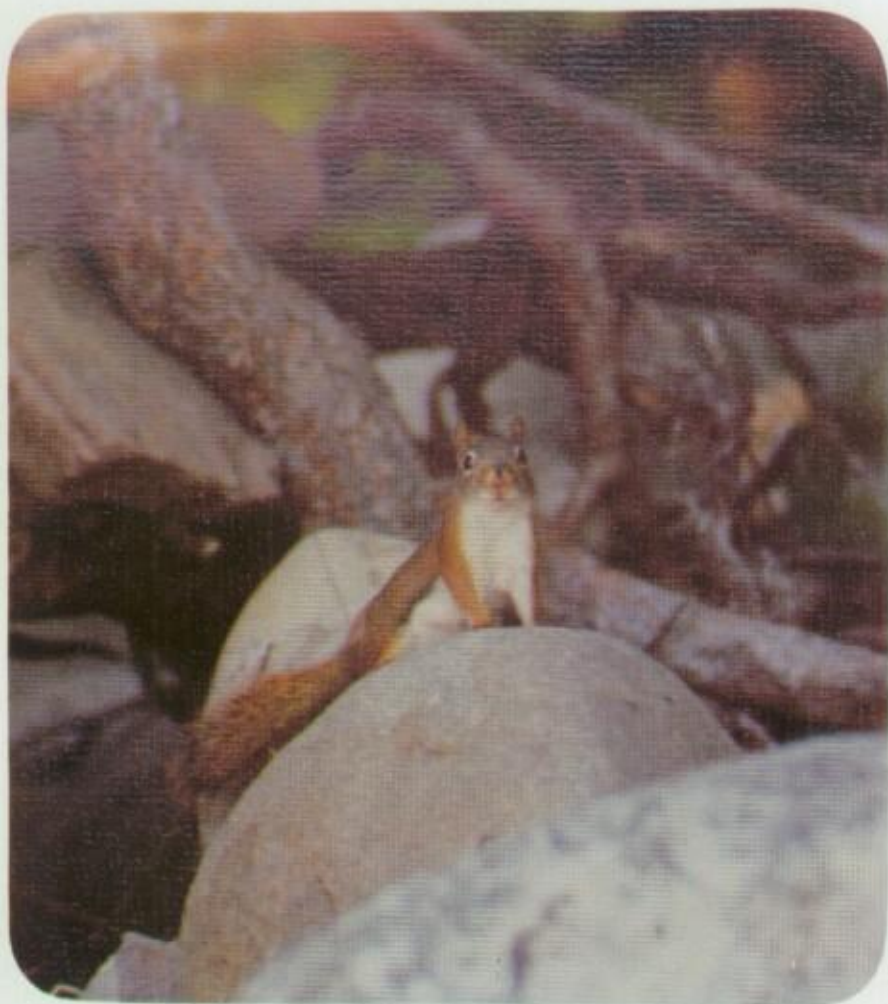

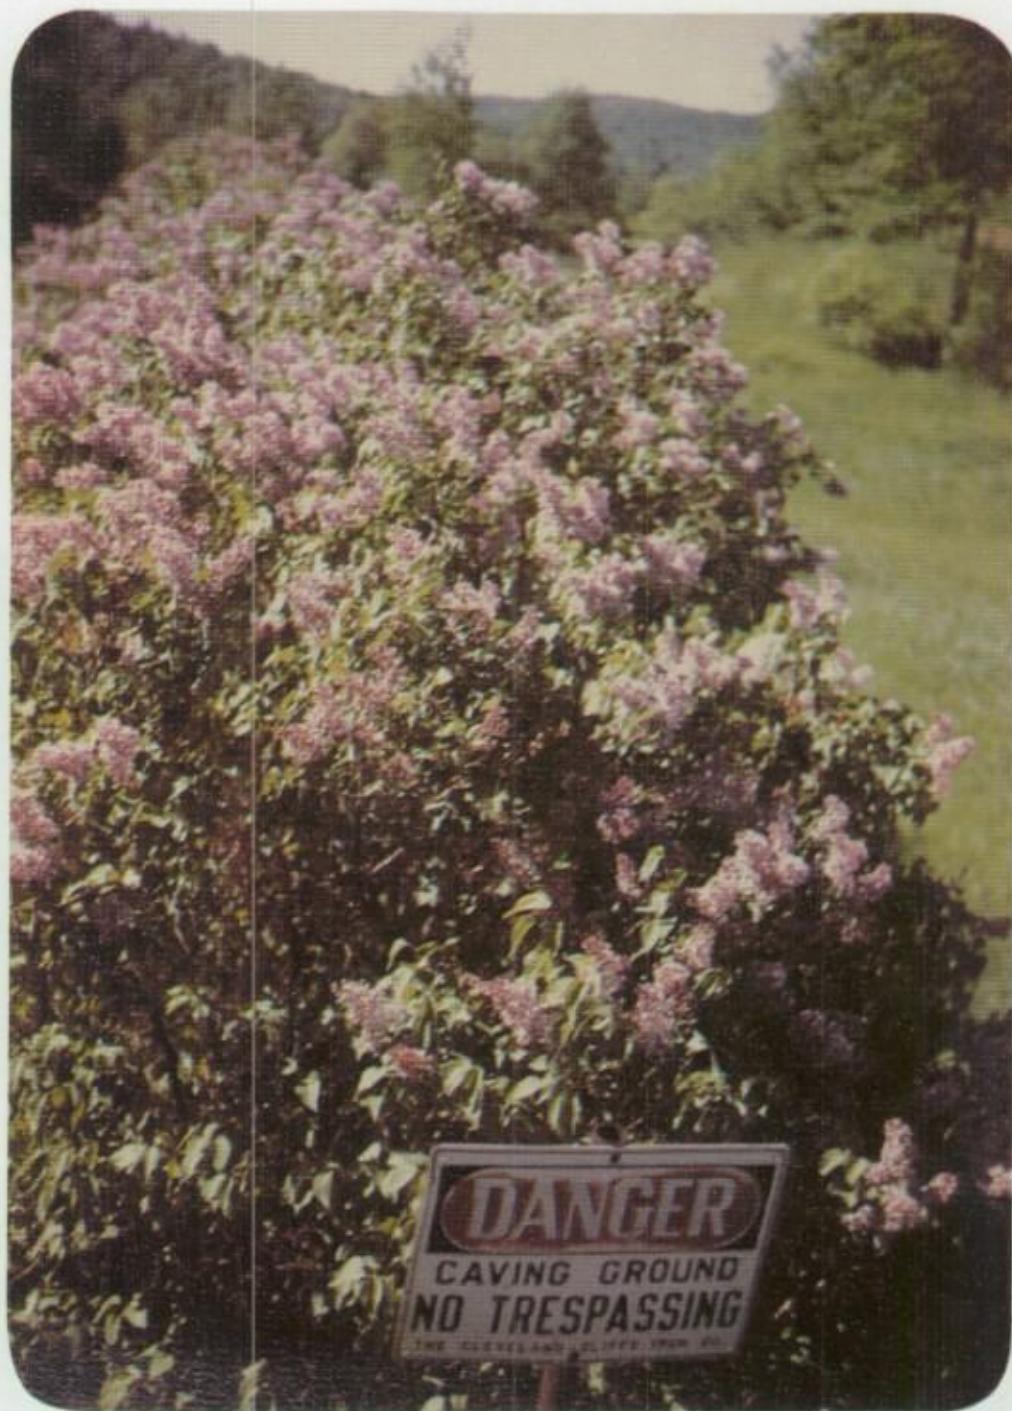

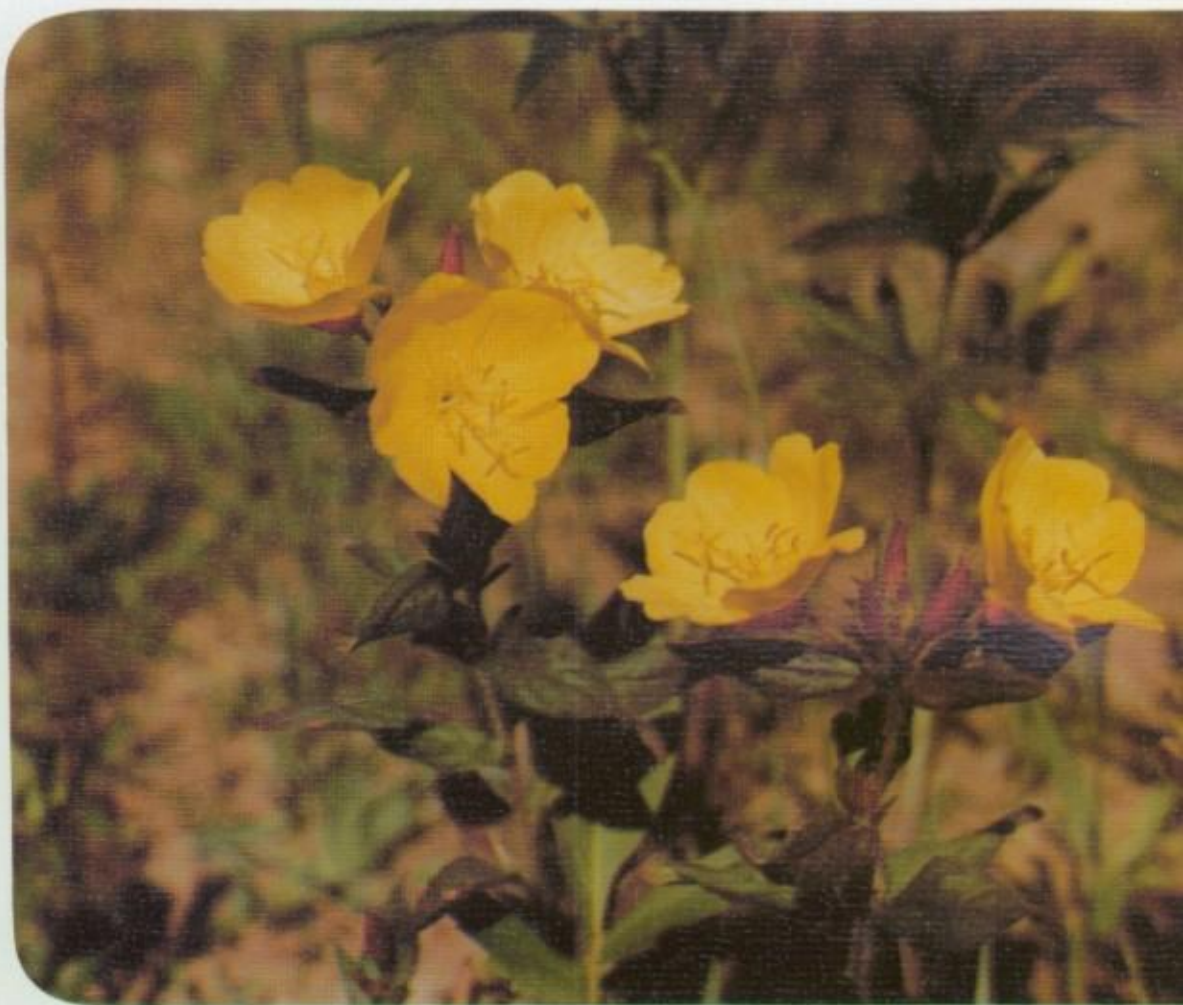

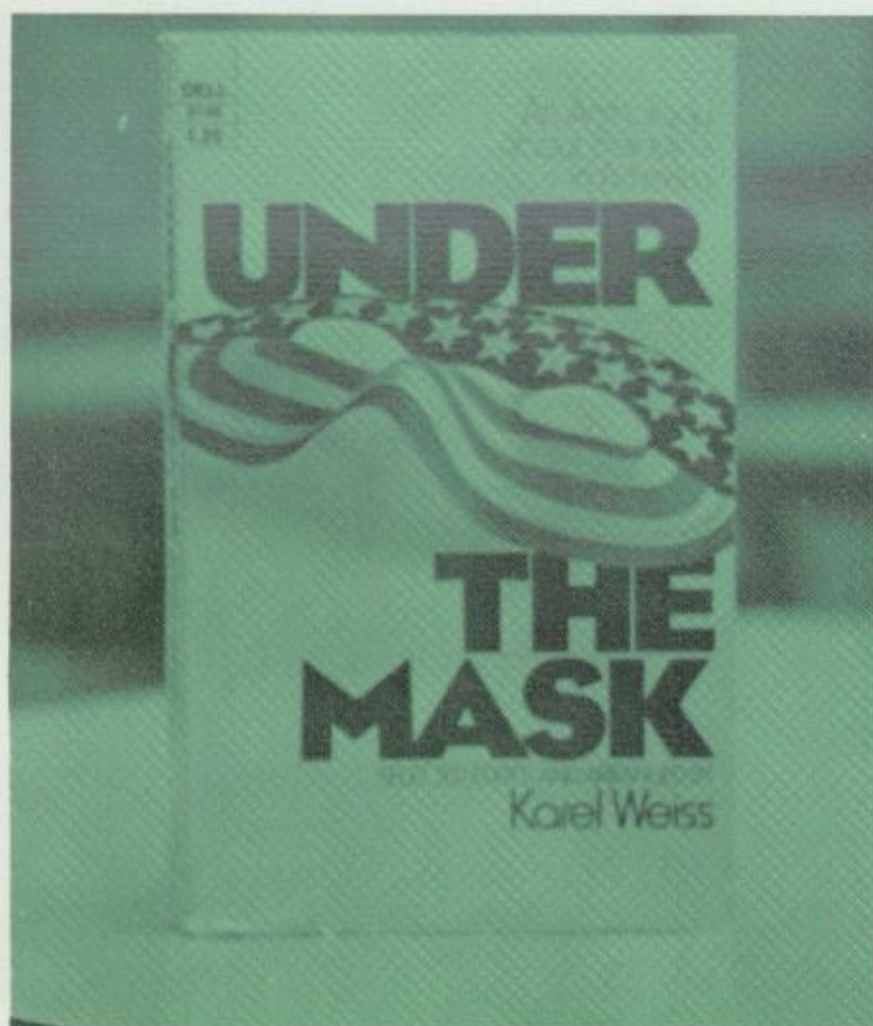

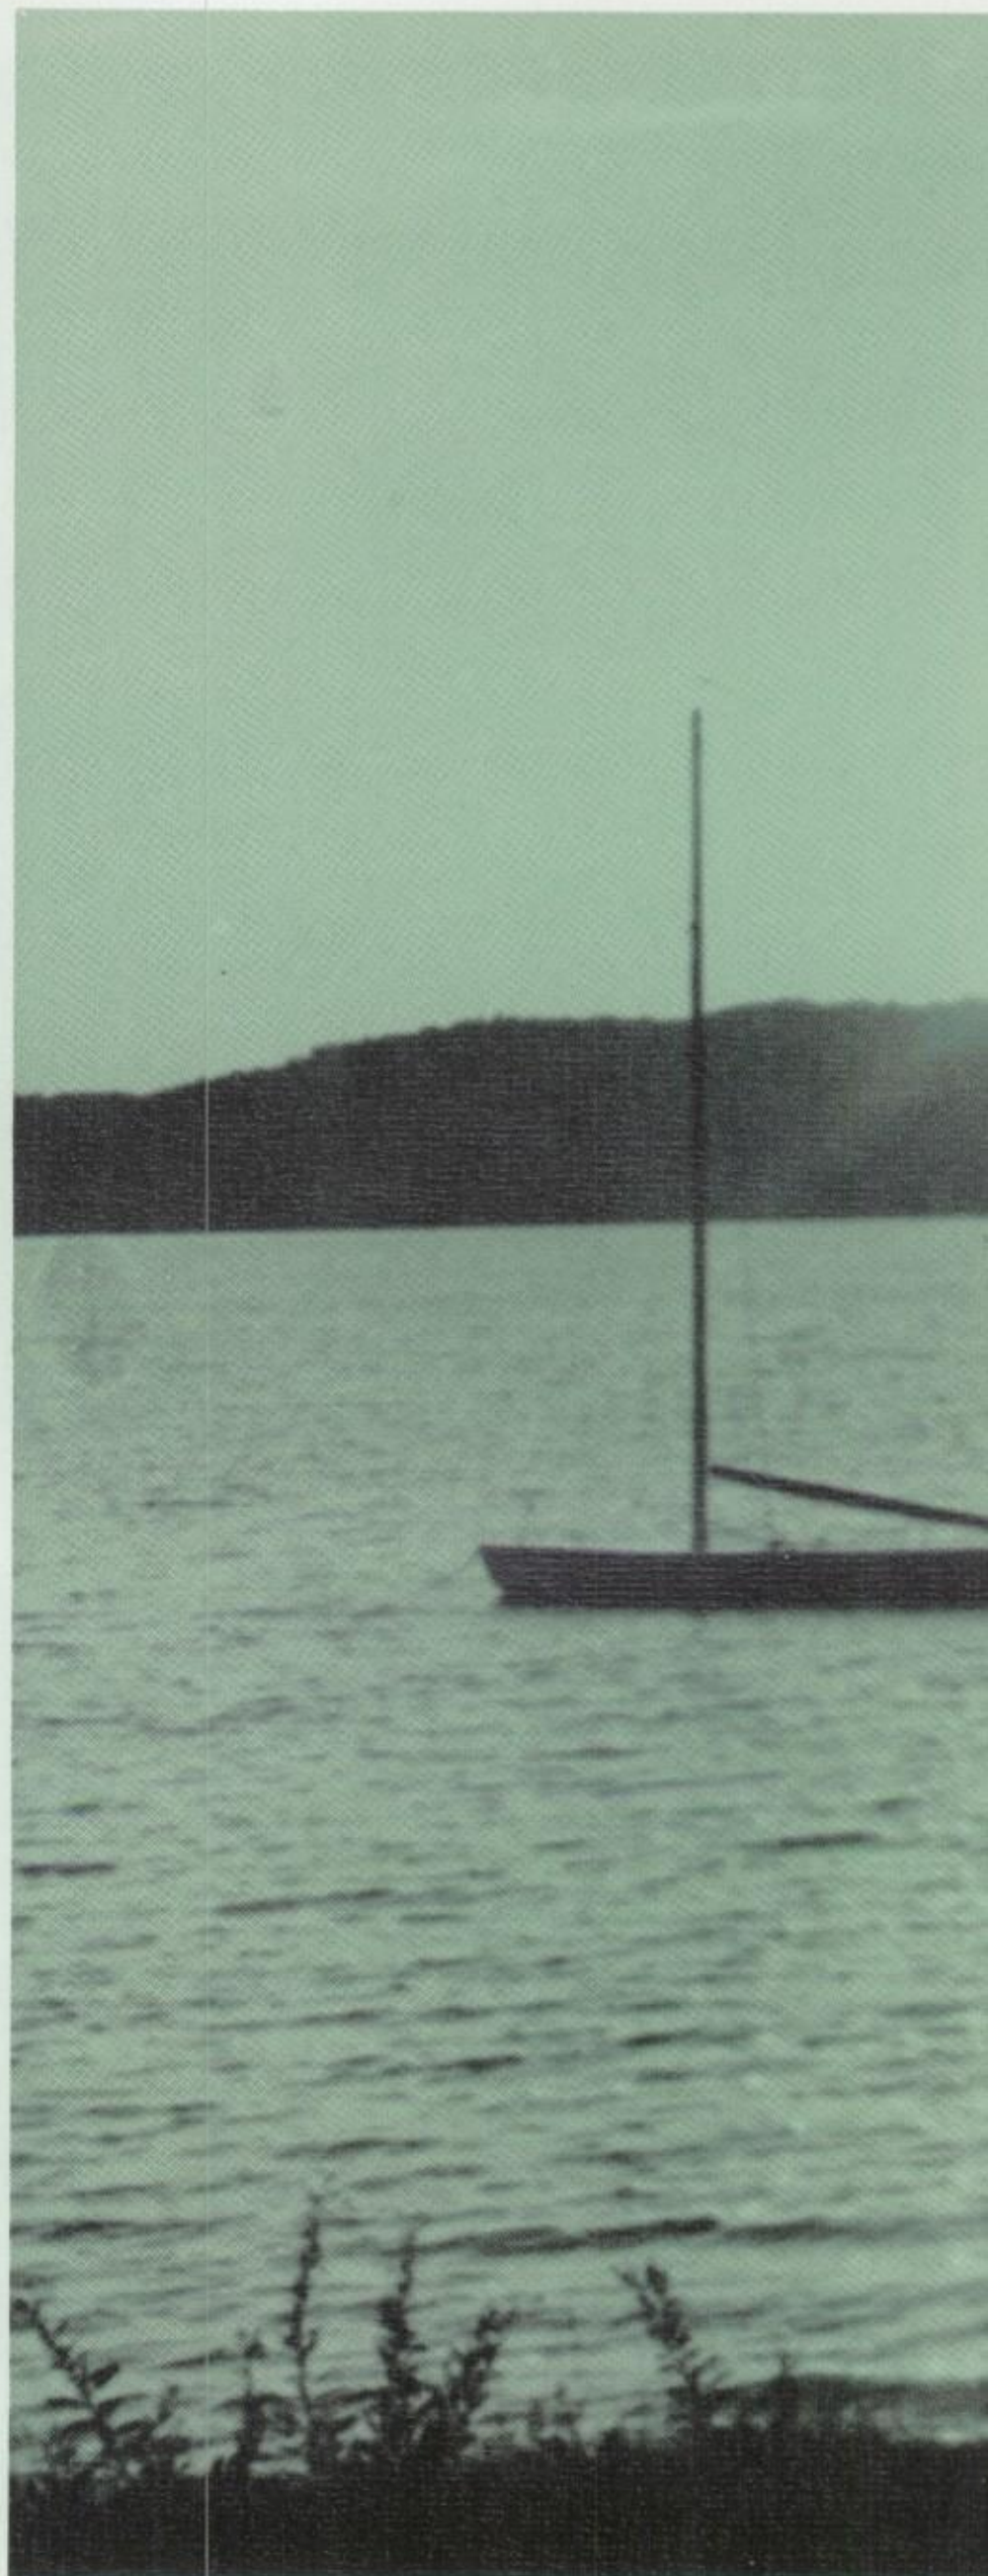

THIS IS THE decade of the masquerade - the name of the game is labels. The politicians, the candidates, the taxpayers, the people, the army, the navy . . . the town, the bicentennial, the young, the old, the men, the women, the chauvinists, the libbers . . . the teachers, the students, the seniors, the juniors, the junior high . . . the kids, the jocks, the heads, the straights, the parents . . . People without faces. Masks. What about the individuals? Who is behind the mask?

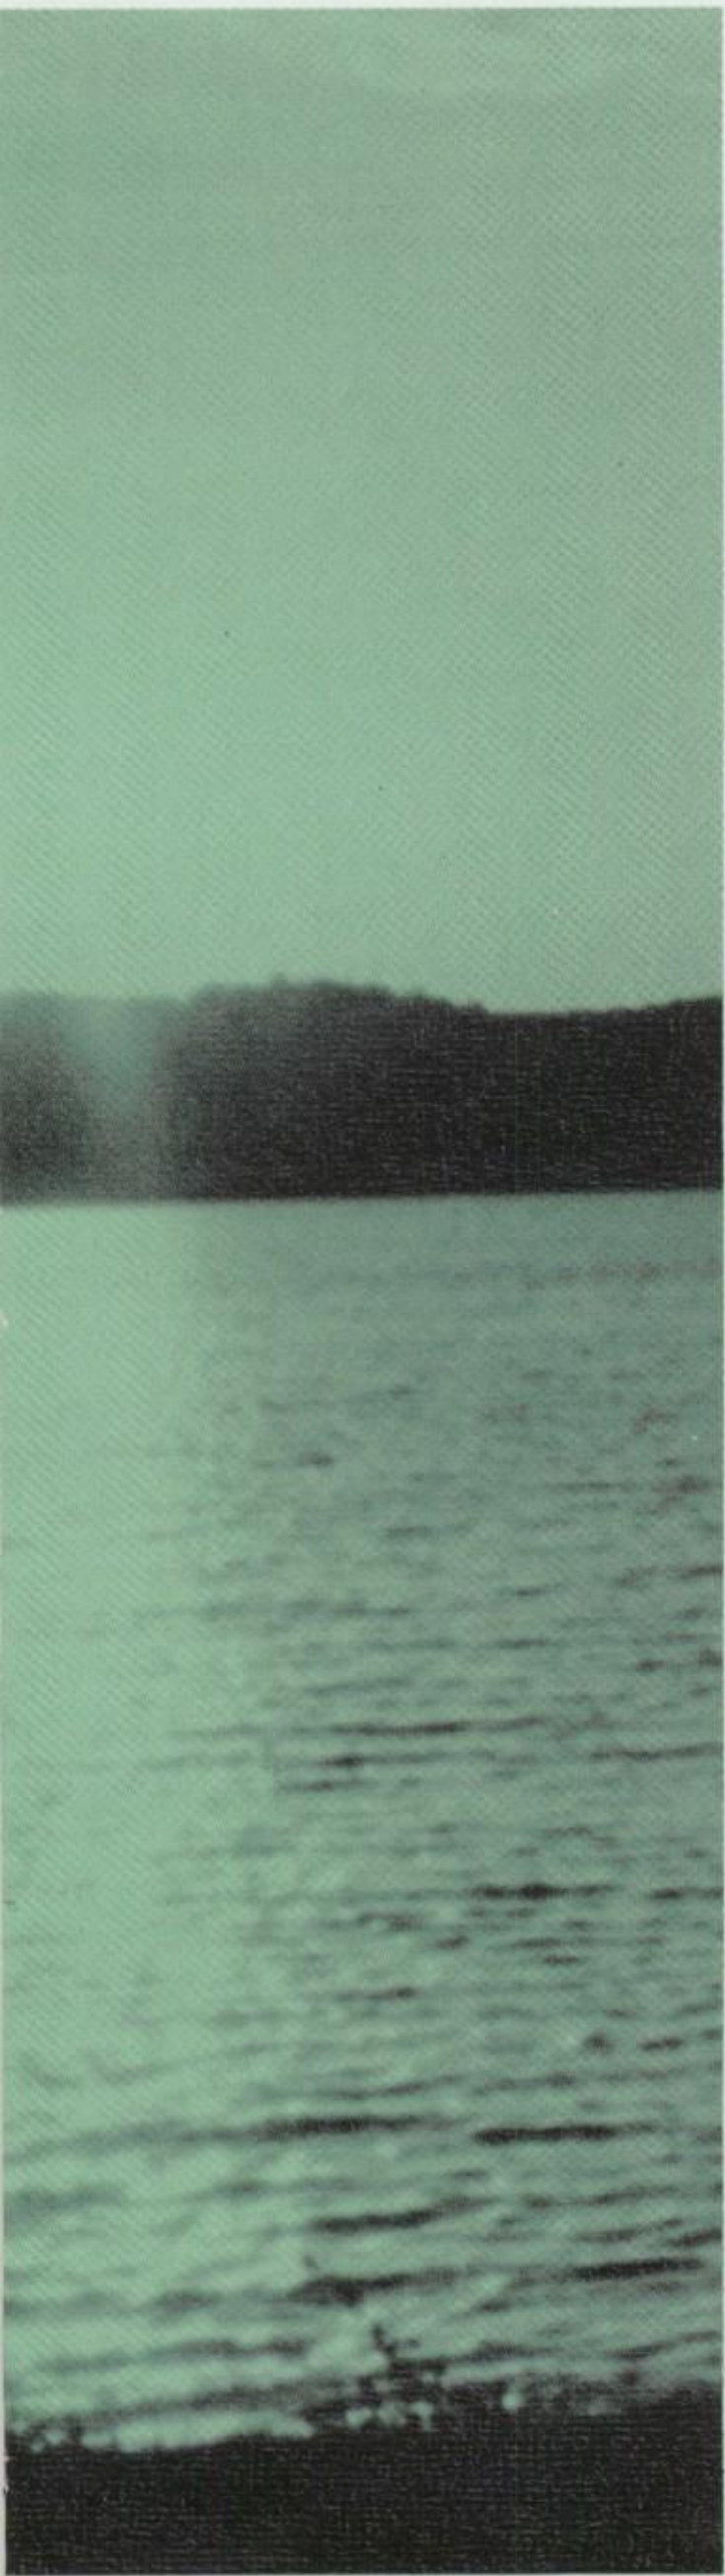

FLOWERS MASKING THE dangers of a gaping hole
in the ground. A girl who dreams of what will be . . .
Fantasizing into the power of Shazaam and Isis.
The squirrel of Aesop's Fables preparing, playing,
preparing.
Darkness adding beauty and mystery to Hometown.
A weed is a flower is beautiful.
What is under the mask?
Hide . . .
Unmask . . .
Hide again . . .

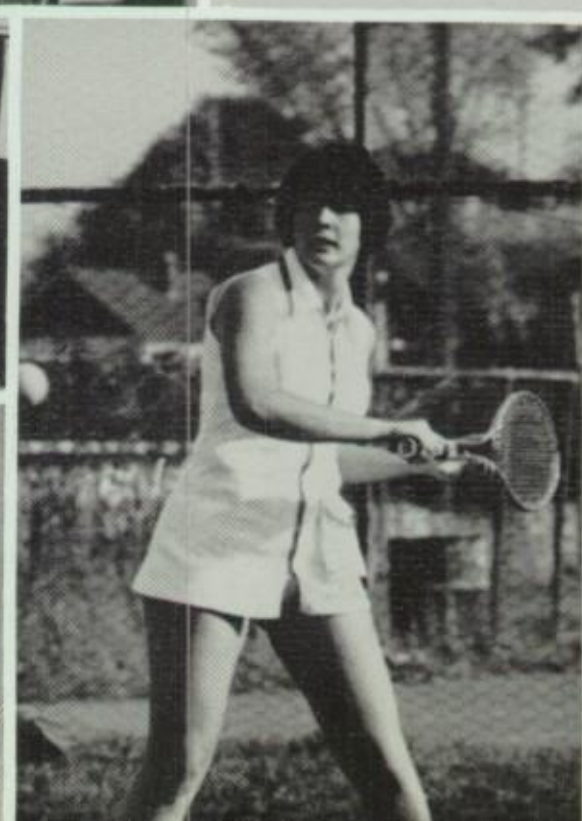

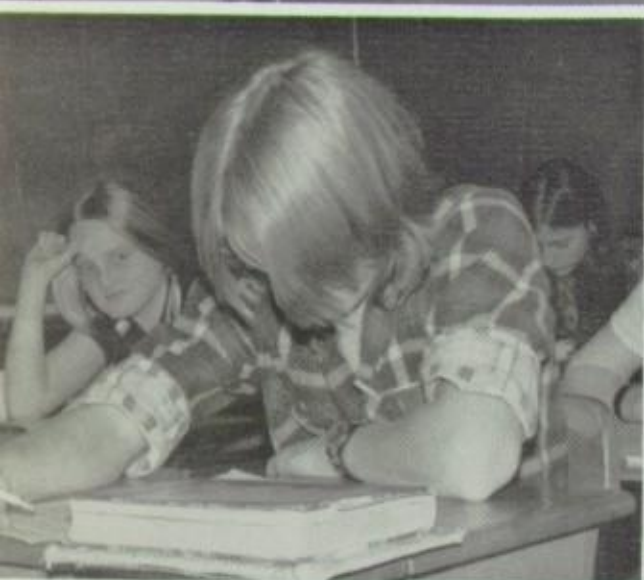

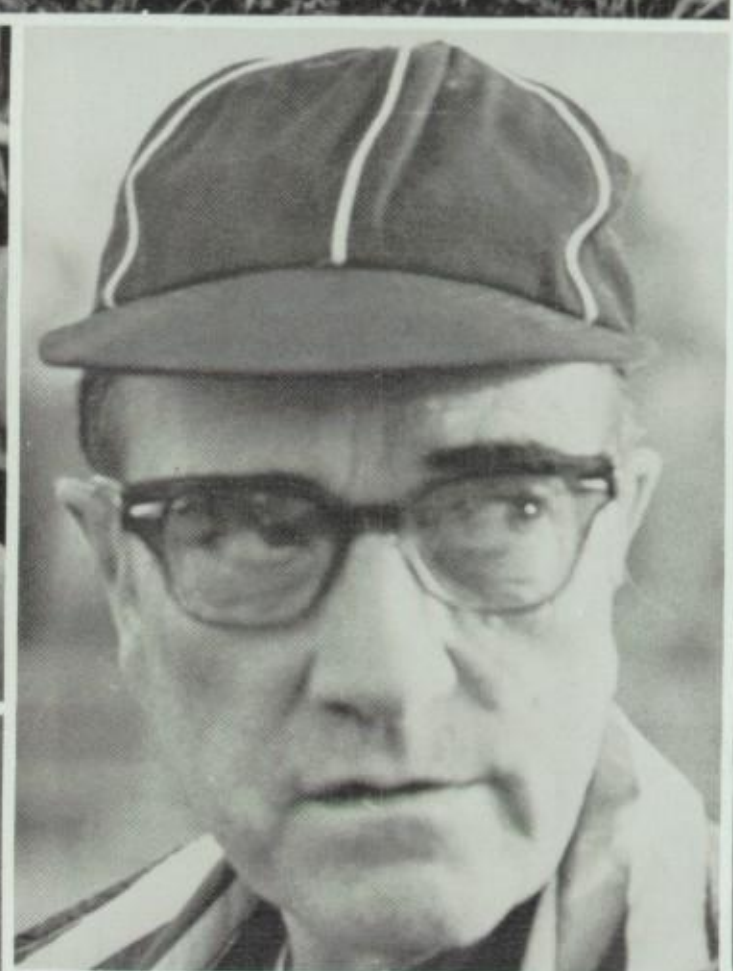

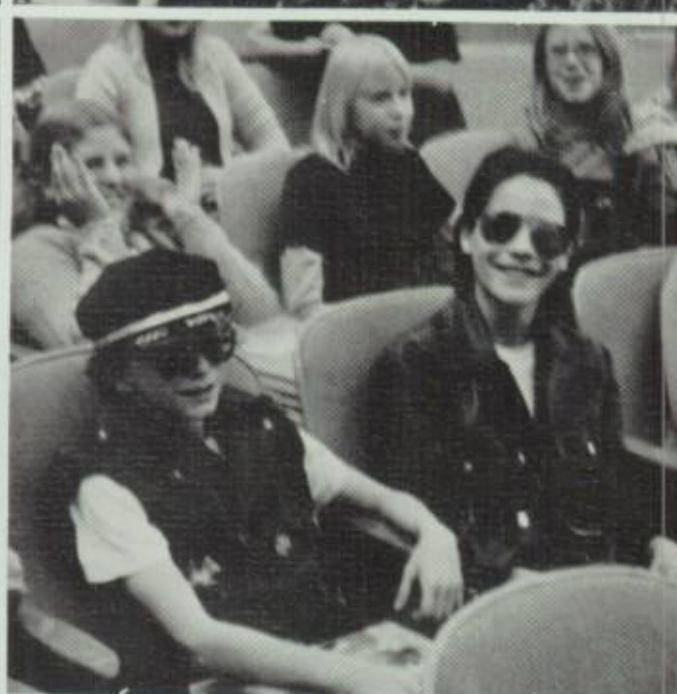

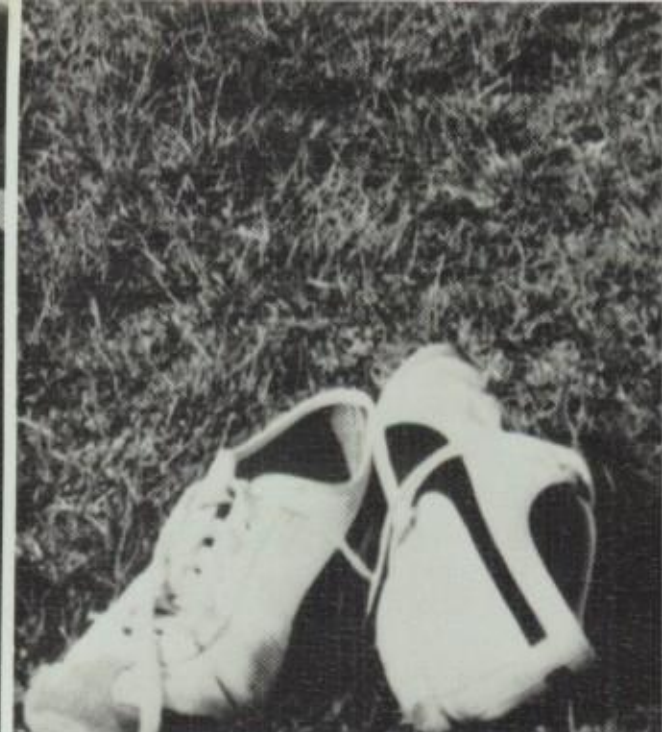

THERE ARE TEACHERS who learn everyday and students who teach.
Some who love and some who don't.

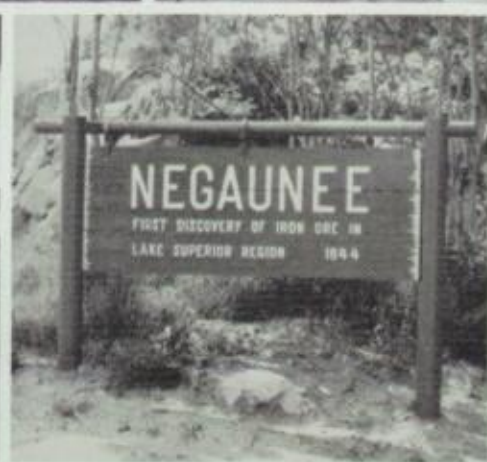

And the sad who laugh or the happy who cry.

Winners become losers and losers win.

And does the Thinker think?

THE MYTH OF the AVERAGE STUDENT explodes in a private library, in a tiny replicate, inside a football uniform. In separateness each one finds his place within the student body,

THE TECHNOLOGY OF tomorrow requires not millions of lightly lettered people, ready to work in unison at endless repetitious jobs, but people who can make critical judgements, who can weave their way through novel environments, who are quick to spot new relationships in the rapidly changing reality.

A decorative border surrounds the central text, featuring stylized leaves and flowing ribbons. In the top-left and bottom-right corners, there are triangular motifs with black and white sections and small curved lines. The word "Academics" is written in a cursive script in the center.

Academics

. . . a school, its faculty, its curriculum, and its philosophy must be flexible enough to adapt to the individual needs and wants of the students . . . Negaunee High School Philosophy

At the very core of the school lies the one to one confrontation of the student, his teacher, and his books. This is the school.

The 76-77 school year brought some changes, perpetuated some practices both good and bad, and broadened the educational base at NHS.

As the enrollment neared 1,000, computer scheduling entered, bringing with it both problems and solutions. At the cost of some individual attention, the machine made groupings more truly heterogeneous. Inadvertantly several sections of a first semester course were dropped into the second semester. A few students had too many study halls. Printouts were hard to read. But class sizes were evened out and schedules were more varied.

Semester courses became a reality in English 9-12 offering something for everyone -- drama, myth, journalism, mass media, science fiction, individualized reading, poetry, and the short story spilled over into the halls as more students became involved in new classes and new ideas.

Men joined women in Marriage and Family class. Consumer math students went into the supermarket, the used car lot and the insurance field. Health returned to the curriculum, advanced biology was restructured and basic chemistry added.

The three-school Co-op programs flourished and some students attended the skills center and the beauty school in Marquette.

Always supportive and busier than ever the library services grew with the curriculum as class after class used its resources, read its books, and heard its booktalks.

Mrs. Paulin and photographer Dale Rogers worked together on a slide program detailing the library's role.

At the beginning of the second semester, a new teacher, Linda DeGabriele, joined the staff as the program for learning disabilities was extended into the junior high. Fifteen students teachers from NMU completed their requirements in Negaunee this year.

Some fine arts classes were given full credit on a trial basis this year -- a result of several years work by the music department through the curriculum committee.

Plans were set in motion to bring a writer in residence to Negaunee in May.

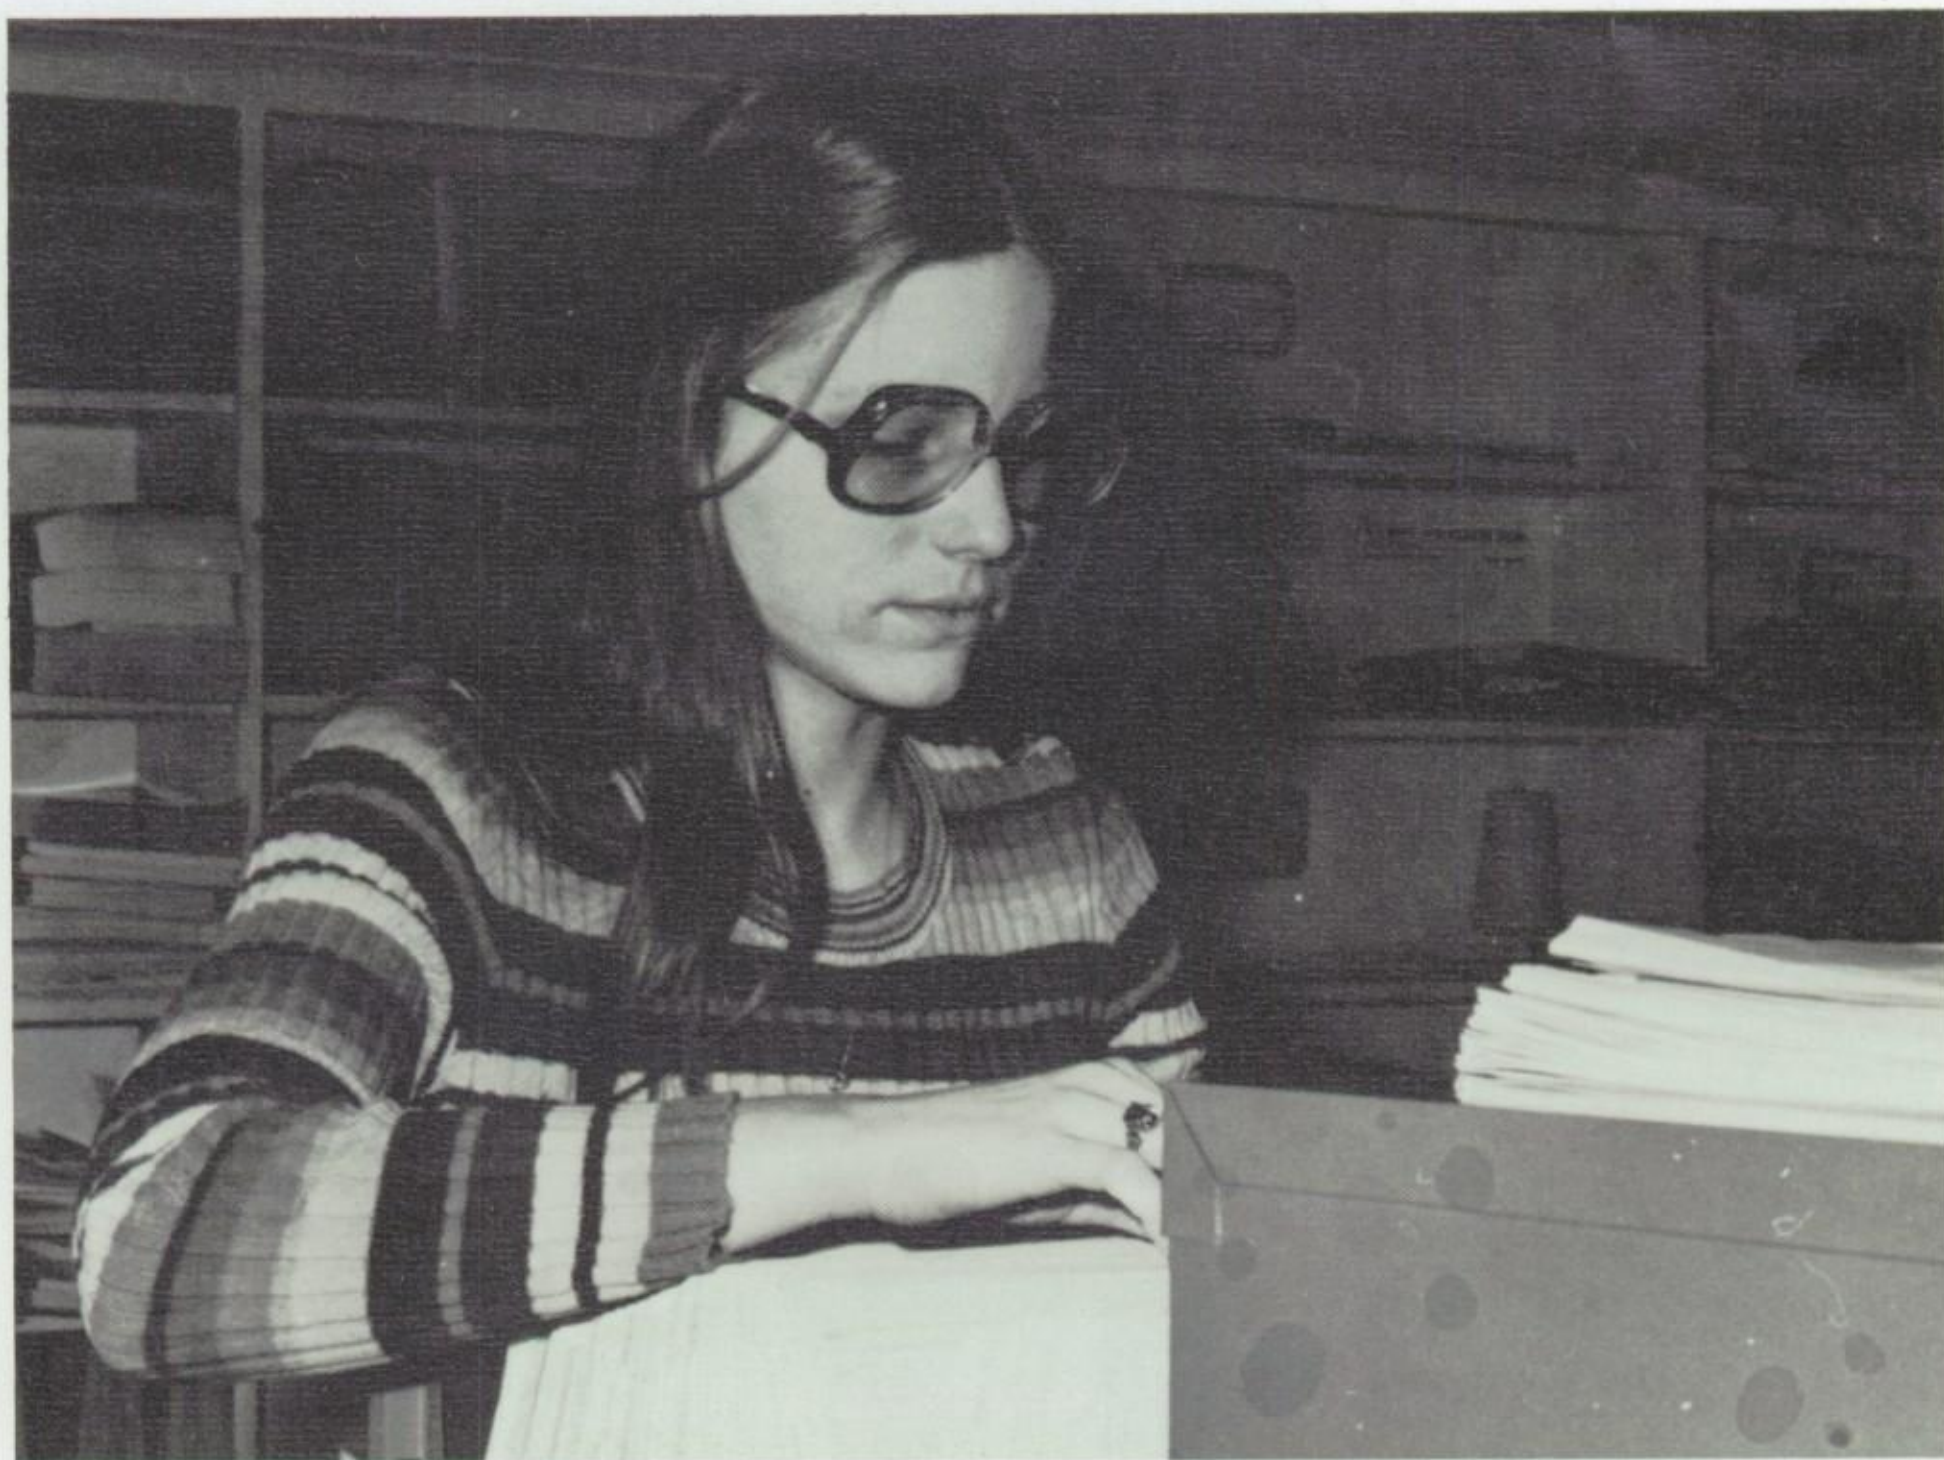

The long standing controversies over semester examinations and study halls rose again more vocal than ever.

"Exams are a waste of time." "They're a pressure tactic." "Semester exams are good practice for the college bound." "They'll ruin my grade point average." "Why don't we have a time off schedule like other schools?"

Students and teachers on both sides for yet another year. And semester exams remain unchanged.

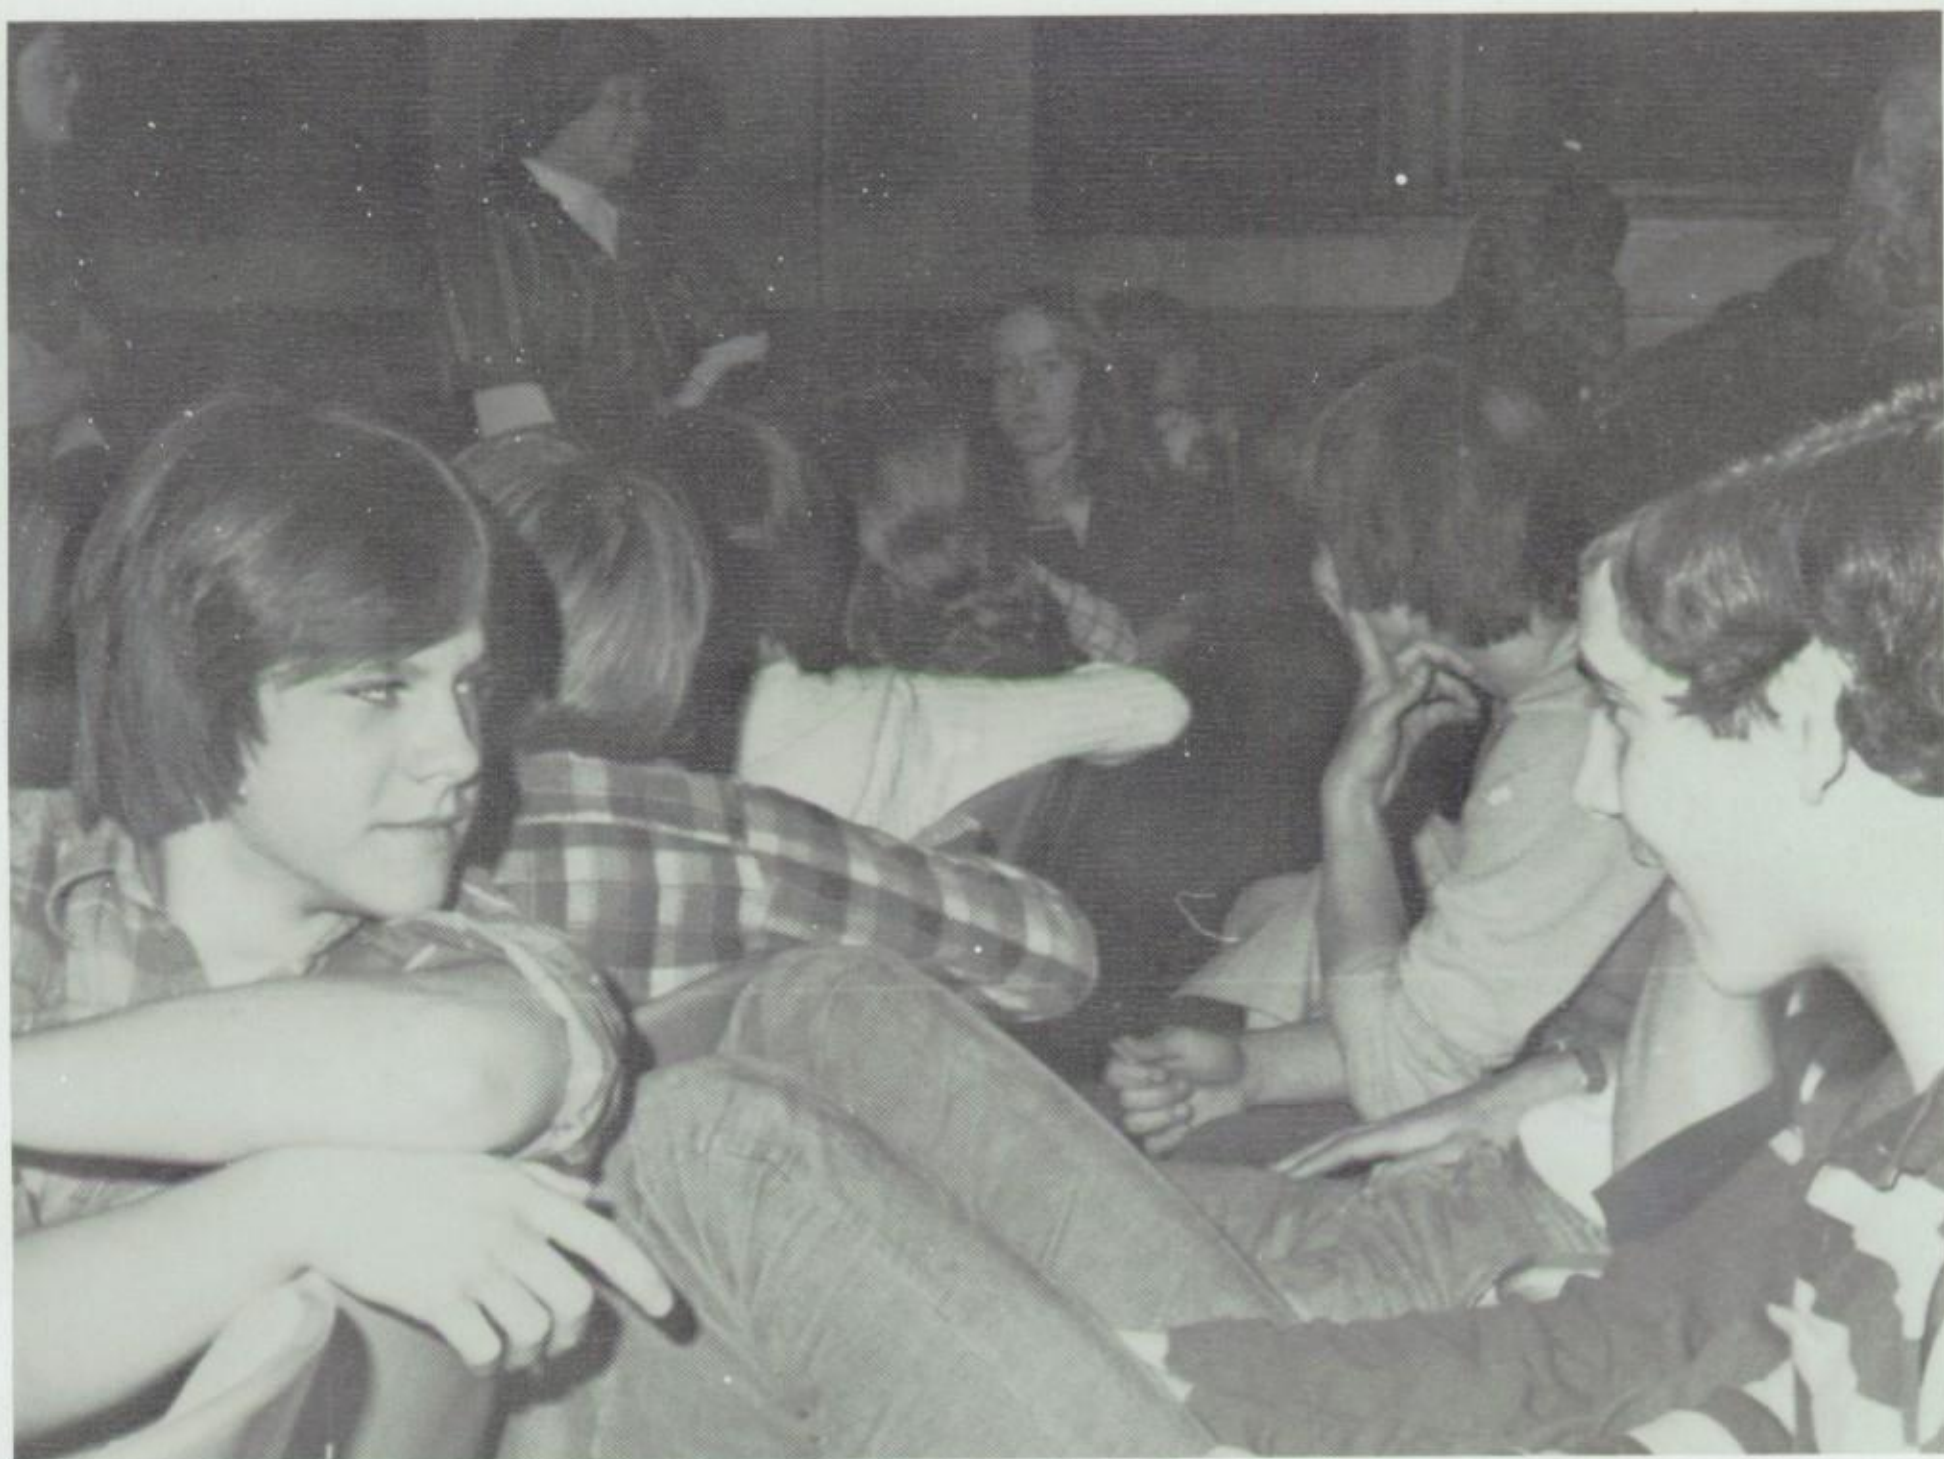

How about the study halls? Are they ---needed for study? A place and a time to relax? A breeding place for apathy?

"Do you have a study hall?" Two? Two and a half? None? Should we have open study halls? No study halls? Raise the graduation requirement to 180 hours?

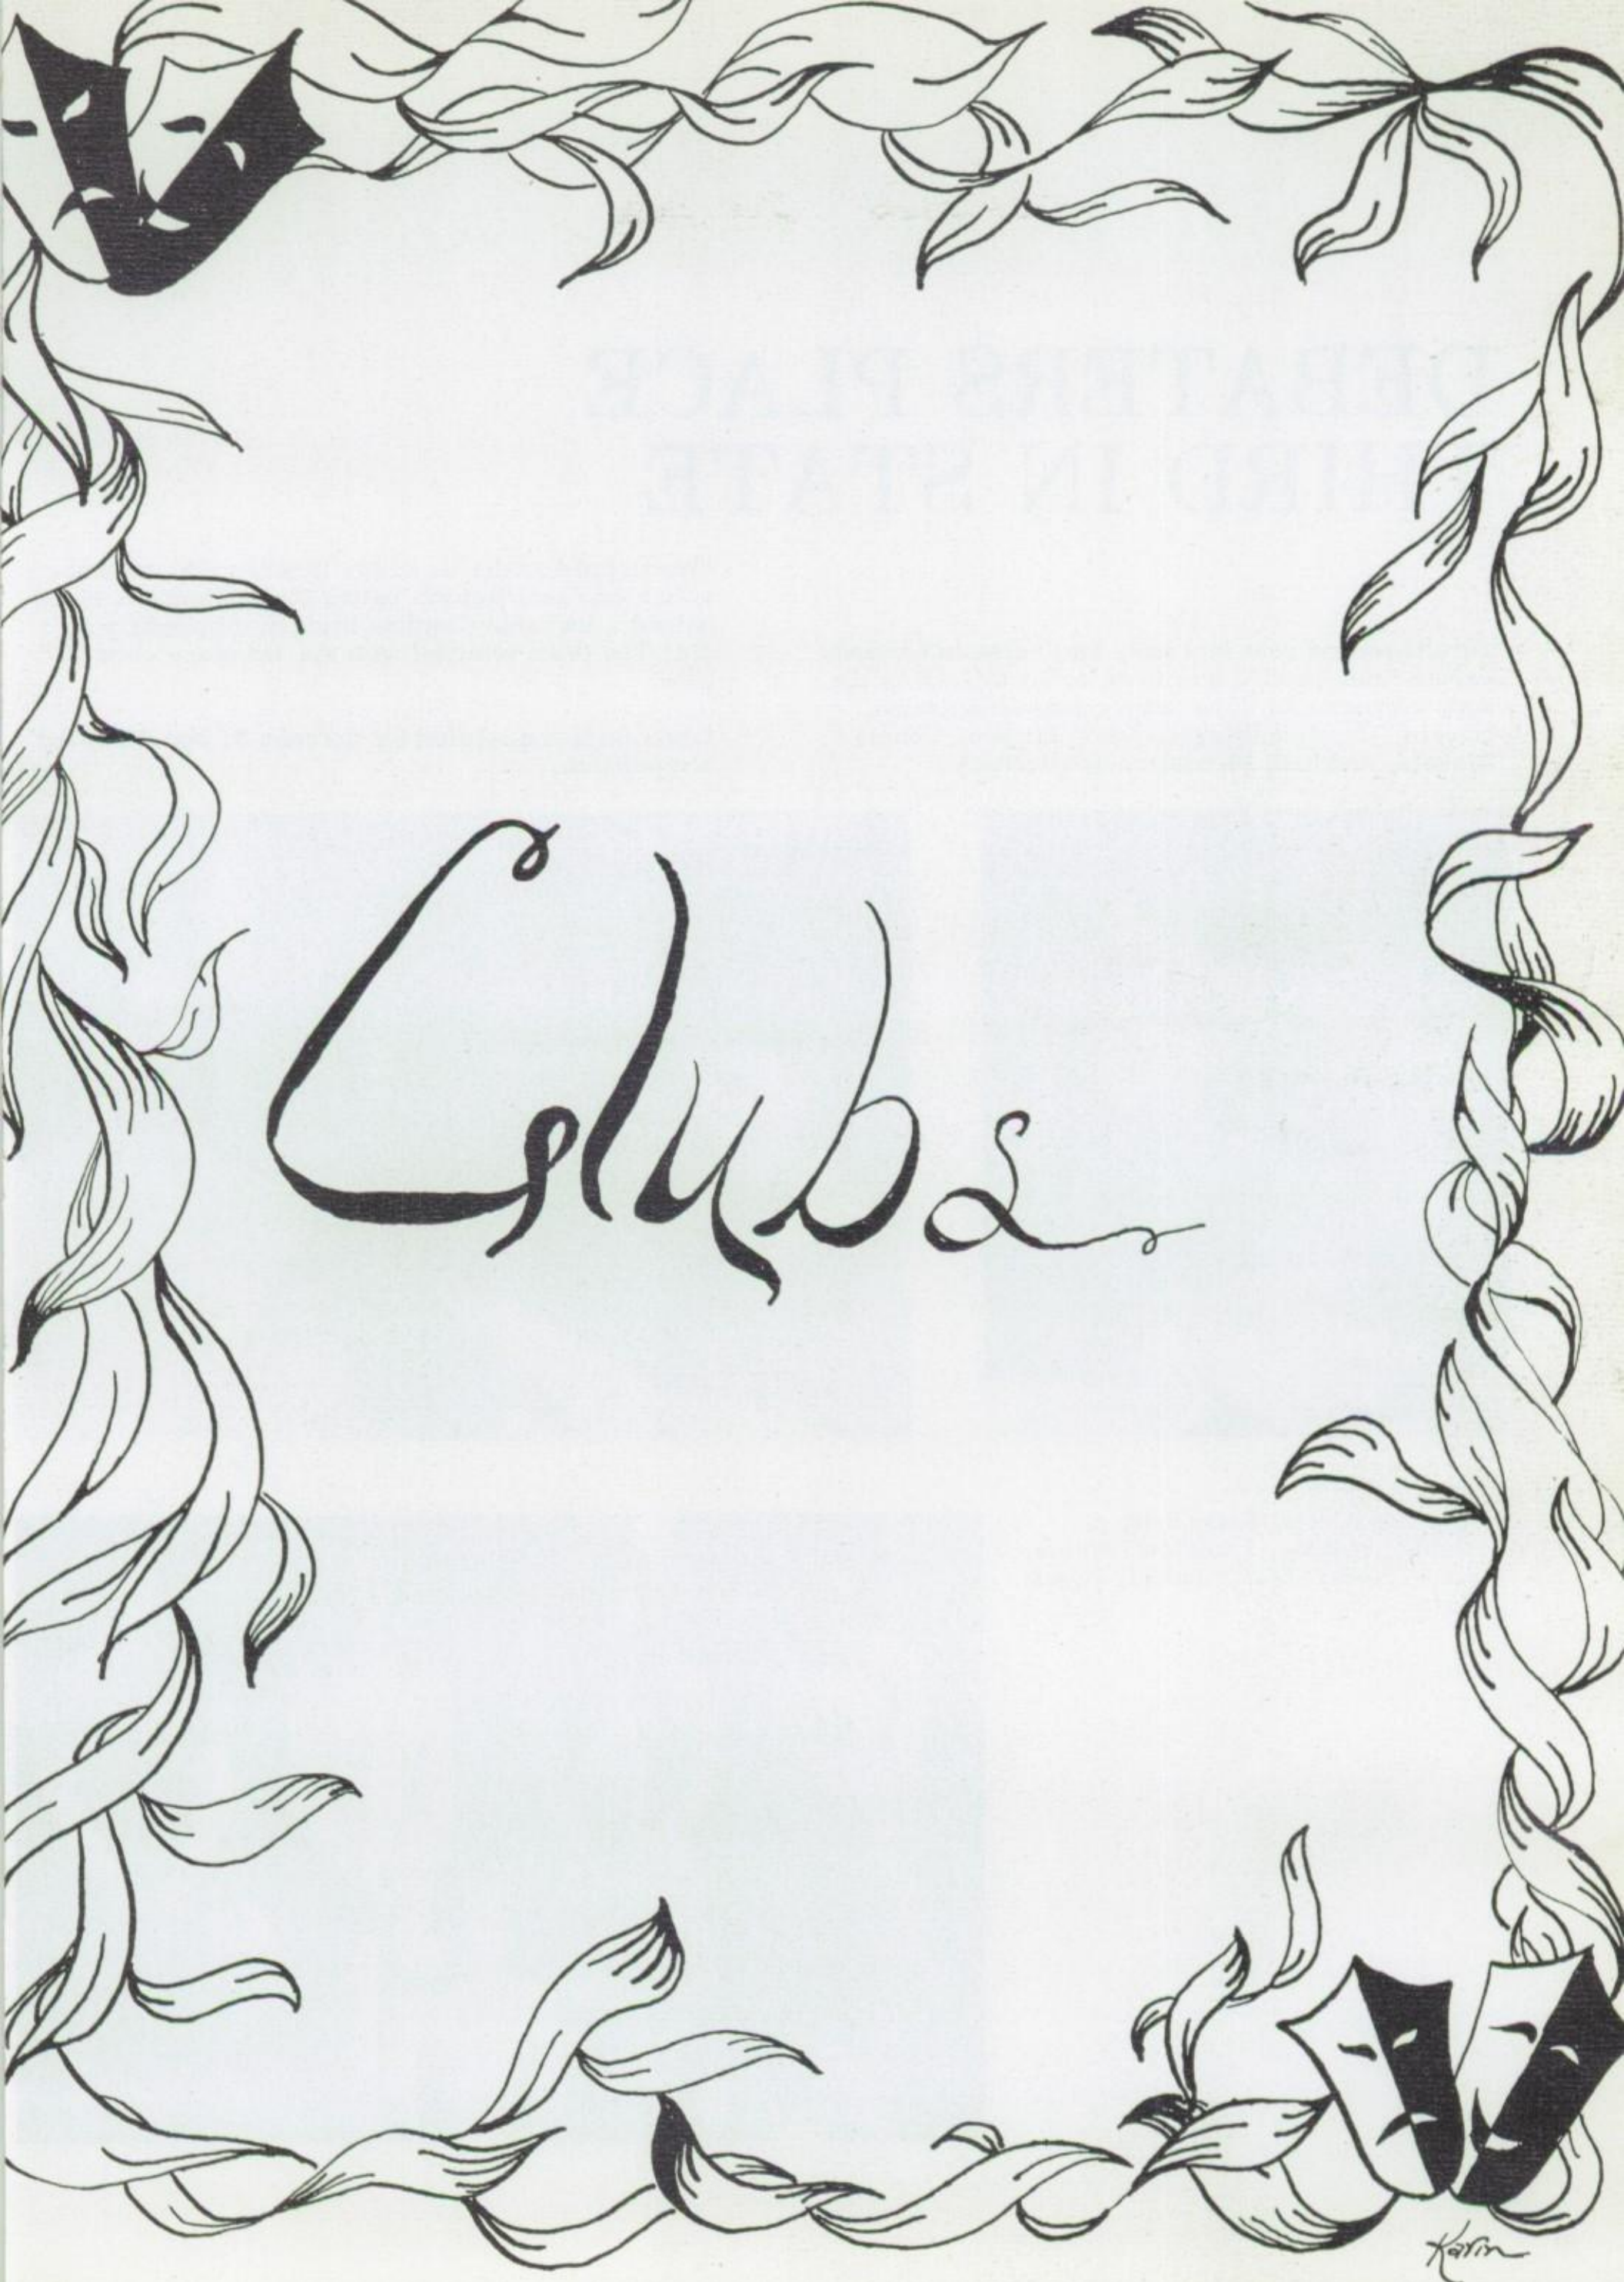

Underlying the whole year was the dream --
the dream of a new uncrowded modern school for Negaunee

DEBATERS PLACE THIRD IN STATE

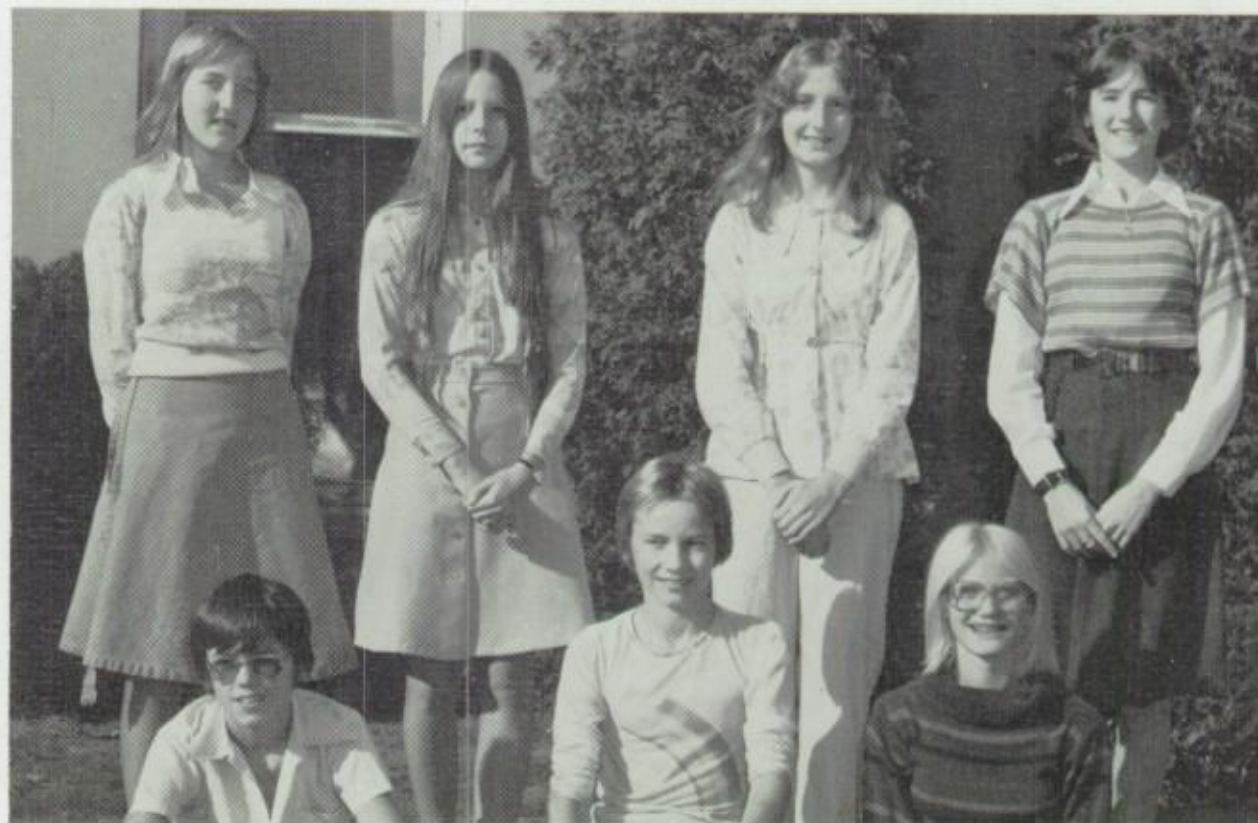

For the second year in a row, Mr. Peterson's Varsity debate team headed downstate to Southfield for the state tournaments. The team consisted of Helen Hansen, Caroline Bridges, Kevin Ericson, Connie Makela, and Beth Mendelson as alternate.

"We stopped at the U. of M. library to do some research on Penal Reform before the tournament which helped a lot" said Caroline Bridges. Apparently it did. The team returned with the 3rd place class "C" title.

Kevin Ericson qualified for the John S. Knight award competition.

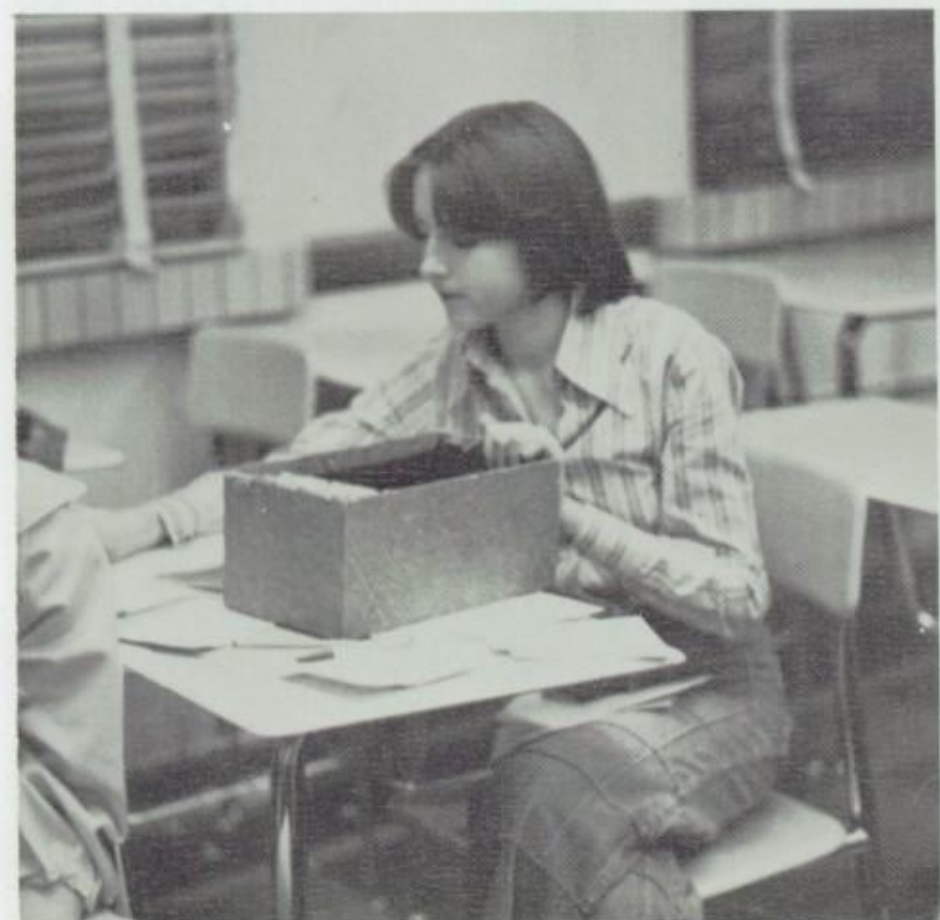

Theresa Rivers, Susan Britton, Debbie Monroe, Francine Thomas, John Rhodes, Mark Laukka, Karen Salo.

Expression

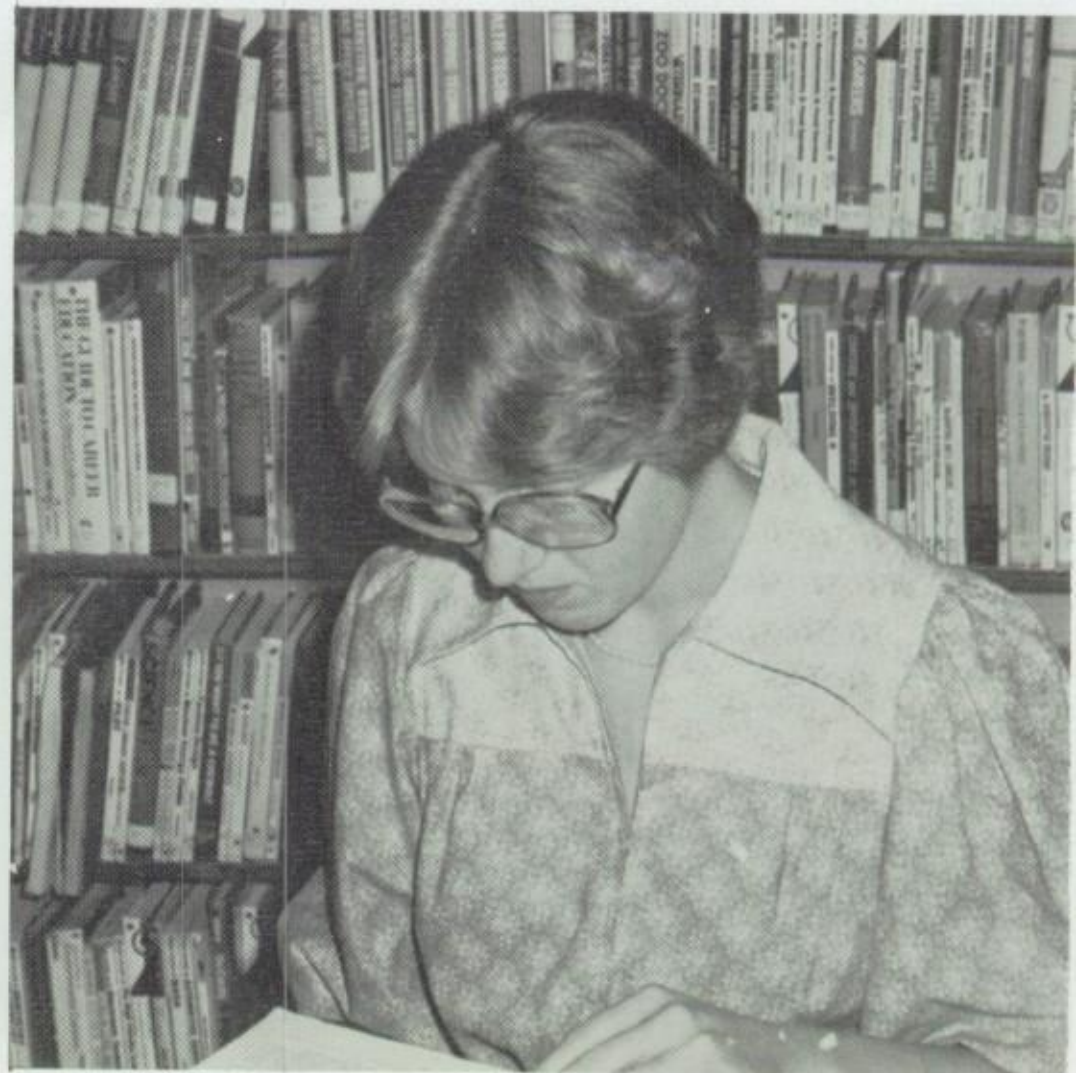

Expression Through Forensics . . .

In spite of a late start because of the debate schedule, twenty speakers have entered eight categories for forensics.

Four have banded together for a multiple reading coaches by student teacher John LaVoy. Other entries according to Coach Peterson are radio news, storytelling, humorous informative and serious readings, and boys and girls oratoins.

In forensics as in any other competition a speaker must progress through local, district, and regional contests.

Candy Bars Anyone?

"I don't believe we sold 1496 candy bars," sighed Julie as students and teachers kept asking for more. Pioneer also sold a record number of ads and books--735.

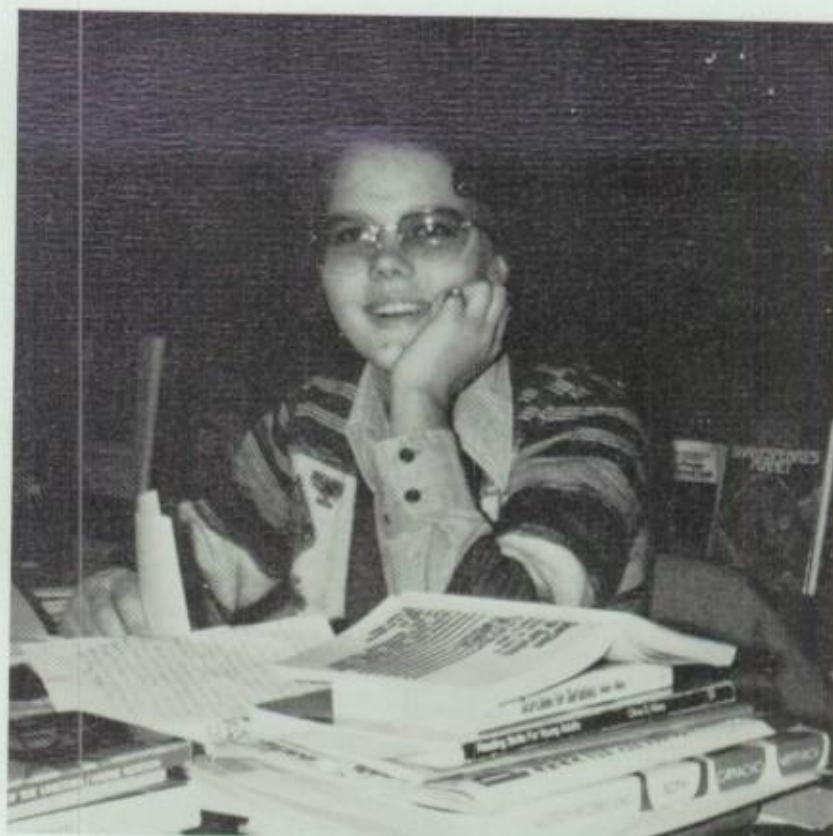

Photographers Dale, Mark, and Mary Alice shot a record number of pictures with and without film and found some very photogenic people. "We also spent a record number of dollars!" commented Mrs. Zesiger.

In September, Pioneer hosted a 5 school yearbook conference--the first in this area. Also, Dale Rogers equipped and opened a dark room behind the chemistry lab.

"We're in the money!"

Names In The News

The biggest news on the front page of Peripheral Vision first semester was the decision of the school board to explore the possibility of a new school. Another big story was GUYS AND DOLLS, a chance for many NHS students to get involved both off and on stage.

Second year editor, Kris Heikkinen "retired" at semester break and was replaced by Peter Mautino. Thanks to Mr. Chevrette and the print class, we were able to run pictures this year.

And Peripheral Vision found a cartoonist--Dan Weingarten does a strip for ever issue, a welcome addition!

Orchestra Has Year Of Firsts.

A chamber orchestra was organized at NHS this year marking a first in our school and in the Upper Peninsula. The group consisted of 15 advanced students. Since a chamber orchestra does not have a director, Mr. Setterlind also played. Practices were held one morning a week and occasionally before Concert Orchestra. A special concert was given in May.

Another first for the orchestra was the addition of four Ishpeming students who travelled to NHS each morning to play in the orchestra.

The Senior and Concert Orchestras participated in the U.P. Band and Orchestra Festival held in Escanaba. A quartet and two soloists also performed at the Solo and Ensemble Festival at NMU.

Two concerts under the direction of Mr. Mark Setterlind were presented and, as is the tradition, the orchestras accompanied the combined choruses in the finales at both of their concerts. They also played several selections at graduation.

Girls And Batons

The majorettes, under the direction of Lois Mattson improved greatly this year.

The 11 members, with the accompaniment of the band, performed routines of "The Hustle" and "Saturday Night" at basketball games. They also appeared on the March of Dimes Telethon in February. Toward the end of the basketball season--a color guard was formed.

A mascot, 8 year old Shelly Mingori, was also added this year.

And The Band Played On

. . .

90 strong, the senior band began the year marching through a very chilly football season. The planned concert for the Munising game was "snowed-out".

In December the band drew a capacity crowd to their first Christmas concert. February saw several members playing in the solo and ensemble festival at N.M.U.

Greta Birch and Myron Karno were selected for the Michigan Youth Band and spent one week at Inteslochen and two more weeks touring the state.

As one member put it, "It's real fun, I'm going to miss it . . ."

"Ah One . . . Ah Two . . ."

"May I Have This Dance?"

With a growing interest in skiing, more and more students are joining the ski club each year.

When Susie Hallgren was asked what she thought about this year's ski club she said, "Our trip to Pine Mtn, was terrific!"

Trips and investigating the possibility of a ski team are the main activities of the club. The advisor of this active club is Ms. Koehs.

Student Librarians Aid The Bookworms

It's a great place to study.

Laura works on a bulletin board.

Library helpers volunteer their study hall time to do many things including shelving, bulletin boards, filing, and checking in books.

Activities included a Christmas party and spring picnic. Negaunee also hosted a five school U. P. Student librarian conference in October.

As Mrs. Paulin said--"Our student librarians provide a big service to our school.

Mrs. Paulin and Mrs. Collins are advisors.

Girls Gain Job Experience

The girls in the guidance office get work experience - typing, filing, record keeping, appointment making, telephone answering. In addition they get first and experience in handling people and a first class reference for future job hunts.

They also give five hours a week, careful work, and bulletin boards. They carry messages, man the office when the counselors are in conference and generally make themselves useful.

Freshmen Rout Opponents

"Good, fun, and exciting," was how Steve Paulson saw the season. It was a good season, too, as their record was 6-2. Their only losses came at the hands of Gwinn by 4 points and Marquette by a greater margin. Kurt Kohan lead the team in rushing. Jay Lentin did a great job at quarterback which is a vital position for a successful squad. The team was coached by Les Coduti with assistance from Dave Johnson.

J.V.'s Win 3 Lose 6

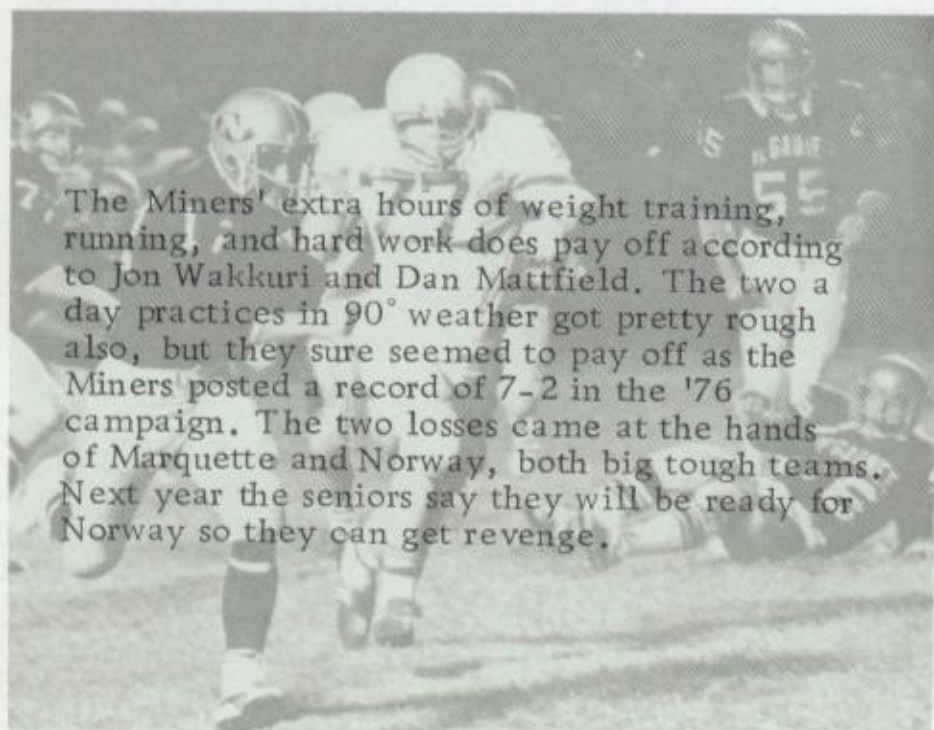

"It wasn't the best season, but we tried our hardest," Larry Rasmussen said about the J.V.'s 3-6 record. Beating Ishpeming was one of the best games of the season. The team showed they knew how to score when they clobbered Stephenson 80-0. Brandon Sartorelli should provide some excellent action on the varsity level next year as he was the team's leading rusher. The team was coached by Don Campbell with the help of his assistants Bob Bruno and Greg Nelson.

Varsity Makes The Ratings

The Miners' extra hours of weight training, running, and hard work does pay off according to Jon Wakkuri and Dan Mattfield. The two a day practices in 90° weather got pretty rough also, but they sure seemed to pay off as the Miners posted a record of 7-2 in the '76 campaign. The two losses came at the hands of Marquette and Norway, both big tough teams. Next year the seniors say they will be ready for Norway so they can get revenge.

Beating Gwinn and Ishpeming back to back was really something for the team to be proud of. These teams were highly rated, tough teams.

Coach Koski should be given a lot of credit for the excellent job he did with the team. When they (the seniors) were sophomores, their record was nothing to brag about. Along with the rest of the coaching staff, they took what they had to work with and did a great job.

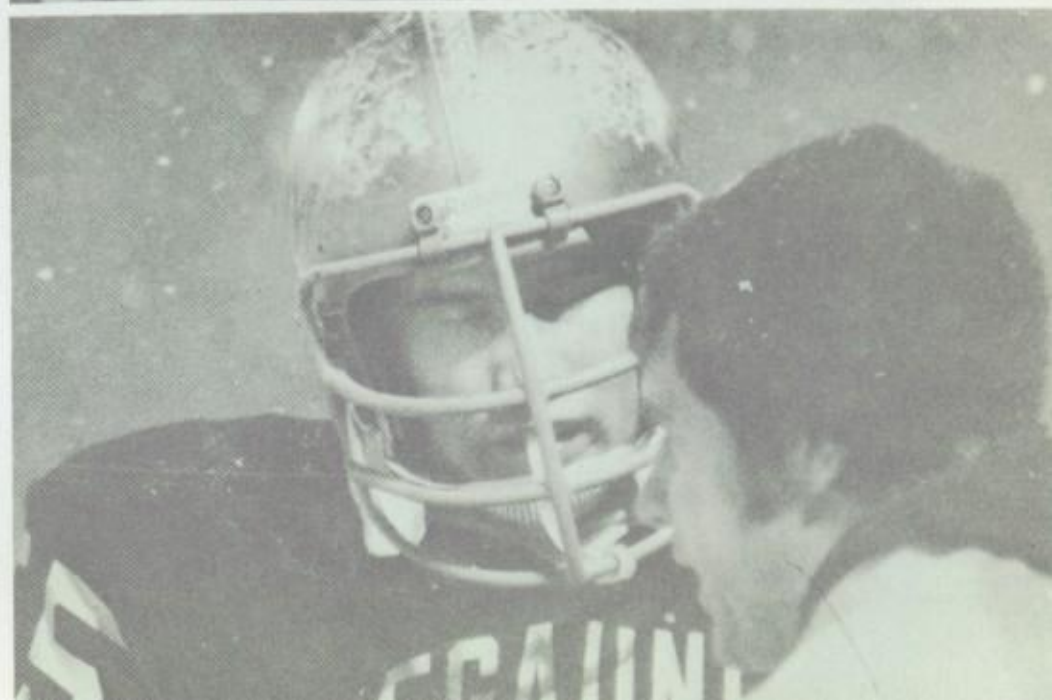

Gleason Named To All State

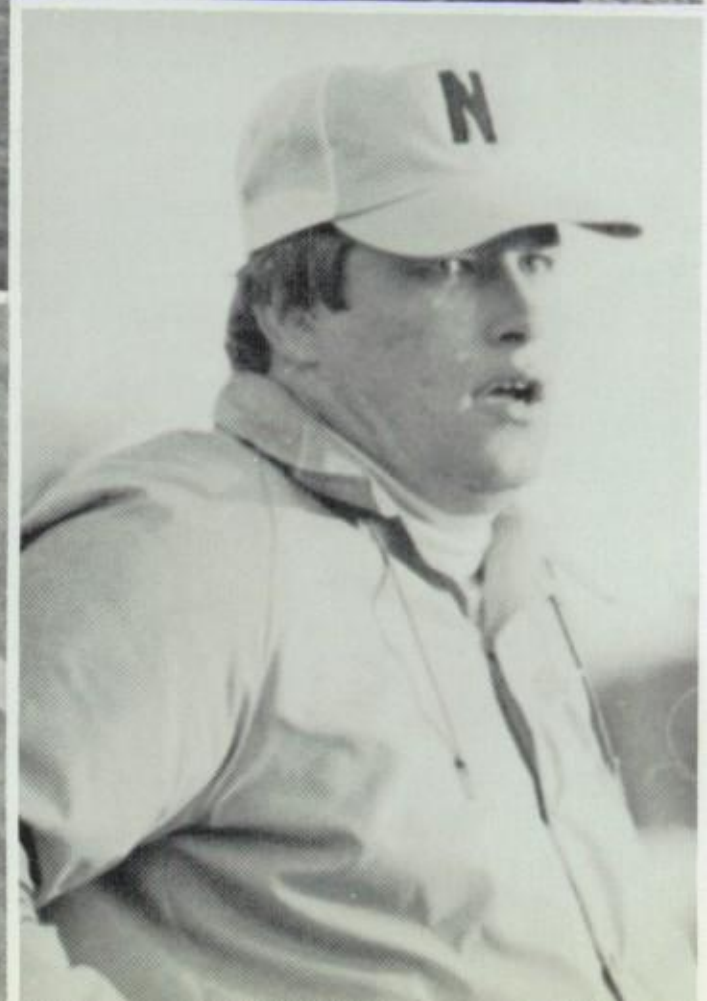

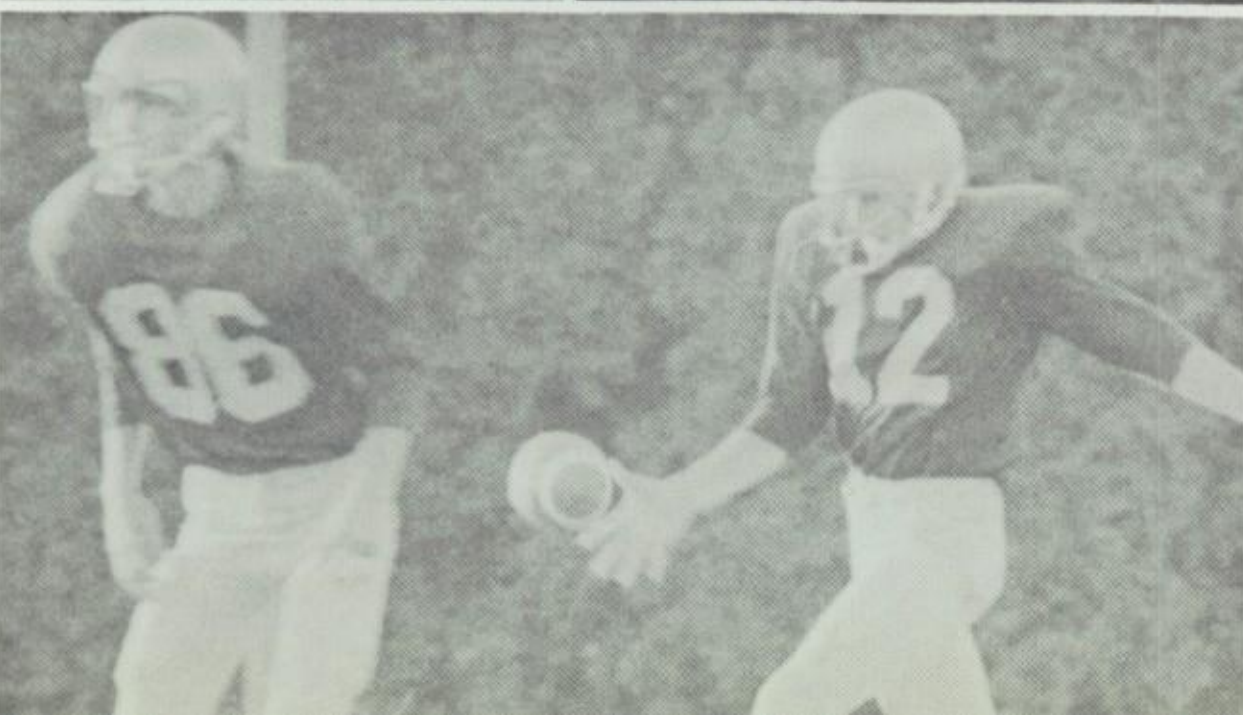

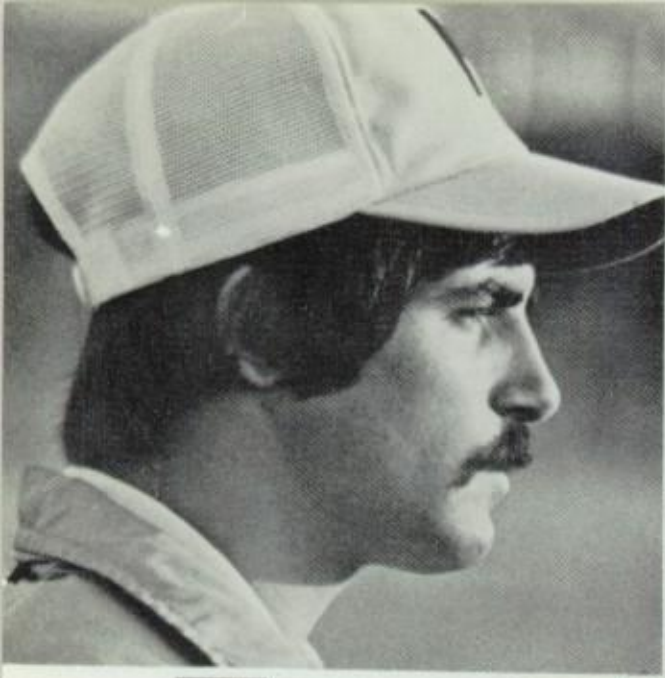

"I was really thrilled to be named to the All State Team as a Linebacker. This was really a special honor to me and I'm really happy about receiving it." This was how Senior Linebacker Ross Gleason felt after this honor was presented to him. The last person from NHS who received this award was Dave Johnson two years ago as an End.

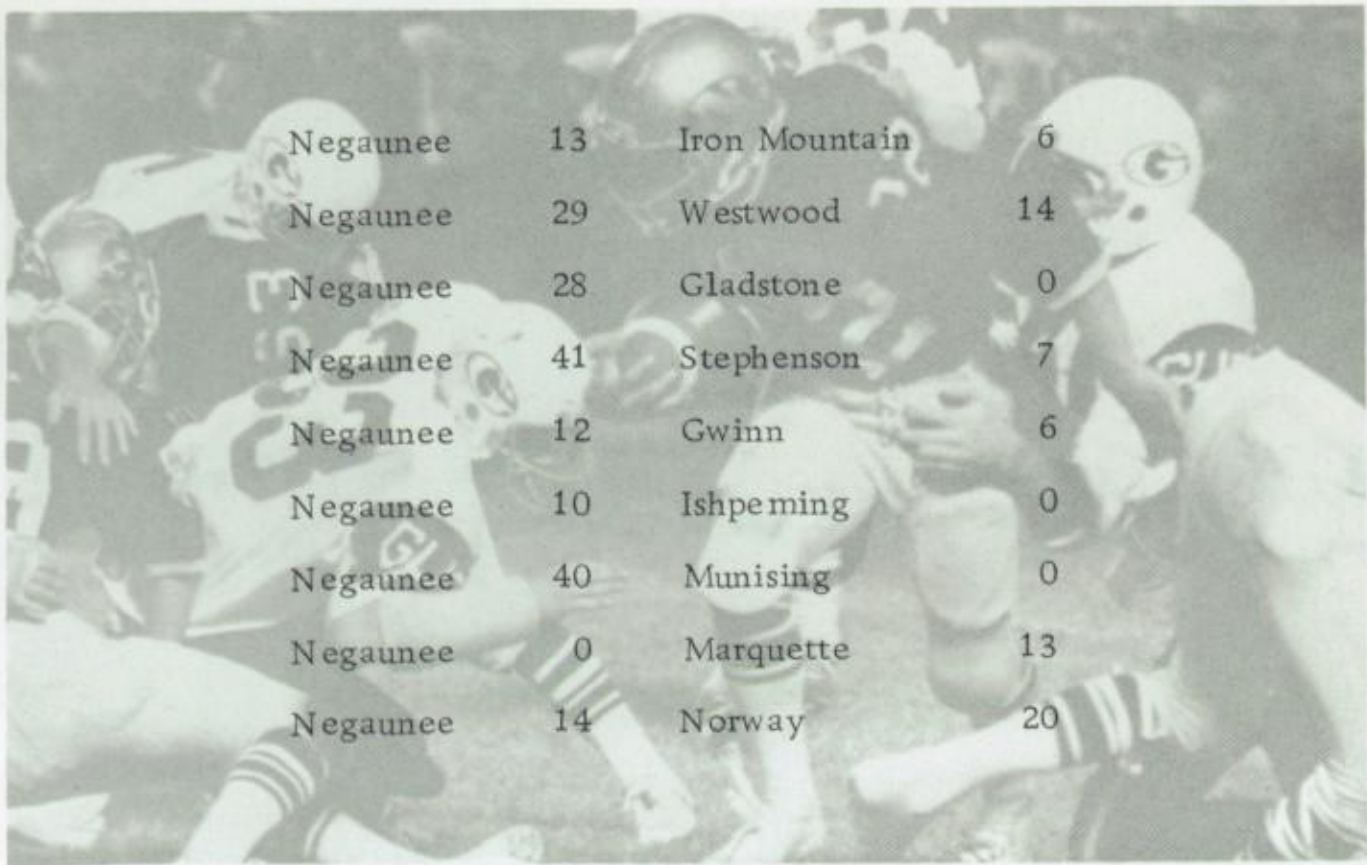

Ross has been a Varsity Letttermen for three years. He started out at the Linebacker position but then switched to Nose Guard. Later he decided he wanted to play at the Linebacker position again, and this is where he proved his strength. If you can remember, Ross's brother Mike was also an excellent football player. He played as a Defensive Halfback and also Quarter Back.

Ross plans on going on to College where he can play football but he isn't sure of where, but where ever he goes, you can be sure he'll do an excellent job.

Homecoming '77

Guest Speaker Joe Blake

Jolene Kokko, Sue Hallgren, Lynne Field, Faye Kobie, and JoEllen Collins.

Queen Lynne

"This is a great honor to me and I'm very happy and proud to be your Homecoming Queen," said Queen Lynne Field after being crowned by last year's Queen, Lynn Koski. Joe Blake, the guest speaker at the assembly, fired everyone up with his enthusiastic pep talk. The tension mounted as Kevin Ericson opened the envelope and announced our new queen.

For the first time at NHS, escorts were chosen by the Senior Class. They were John Vercoe, Jon Wakkuri, Ross Gleason, Gary Rasmussen, and Barry Hosking.

The week was topped off with an impressive win over a tough Gwin team with a score of 12-6. After the game, everyone gathered at the Dance to dance to the music of Young Variety.

Seniors Stand Tall

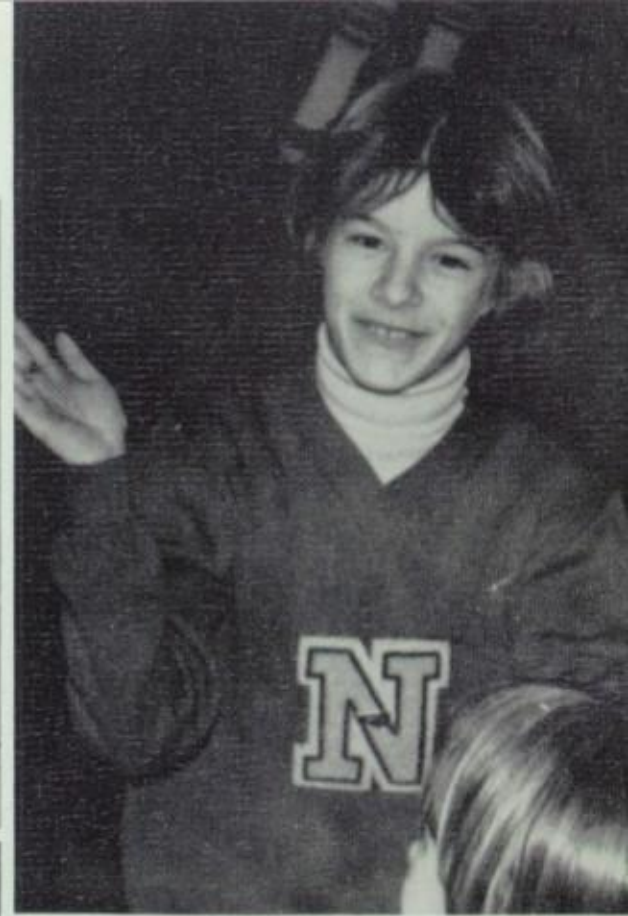

One highlight of this years' Homecoming week was the Annual Girls' Flag Football Game.

With more practices the Juniors came into the game expecting to knock the Seniors off the field. But once the game was underway things looked different to both squads. Coached by Bryan Beaudry and Danny Mattfield the Seniors scored the first and only touchdowns, with the final score of Seniors-22, Juniors-0.

When asked what they thought of the game, Junior player Karen Paquette said, "It was fun and I learned alot about football. I'm looking forward to next year." Coach Beaudry said, "It was fun and different. The hardest part was getting everybody there for practices, even myself."

Athletics wouldn't be the same without all of the noise and excitement and the cheerleaders. Think of how dull the game would be if no one yelled. That's what they're there for.

The girls don't only lead cheers, but also show their artwork by making signs. There are fund raisers like sponsoring the Homecoming Dance to pay for the supplies and pictures.

J.V.'s Take M-P.C. Title

The J.V. Minerettes, under Coach Kathy Carr, had a great season with a record of 16-2. The two losses were both to Marquette.

The team took the Conference championship with Jill Merrick as the leading scorer and Jan Merrick in second followed by Carrie Talus and Lisa Helstein.

This was the first year that they have had a Junior Varsity team for girls basketball and it proved to be good. The team felt the most exciting game was with Norway, there. The Minerettes were behind at half-time and then came back and beat them by 8. This was the toughest Conference game they had during the season. When Norway came here the Minerettes had an easy win leading throughout the whole game. The funnest game they played was against Munising. They were winning throughout the whole game and everyone got to play.

FRONT: Teresa Pelkie, Jill Merrick, Kim Jandron, Patty Leivo, Kay Partanen, Monica Rasmussen, Linnea Laurila, Natalie Paris; BACK: Debbie Bray, Linda Parkkonen, Connie Ericson, Jan Merrick, Julie Collins, Lisa Helstein, Jessica Sutherland, Paula Popko, Coach Clements

We'll Get Them Next Year

Even though the Minerettes didn't do very well this season, they'll be back next year looking for wins from many teams. They will have some experienced players on the squad next year from the J.V. team. Having this squad gives many more girls a chance to play and get the experience they need to do well in Varsity play.

Three Minerettes made honors in all U.P. Class "C". Jessica Sutherland received All U.P. while Connie Ericson and Monica Rasmussen received honorable mention.

Mr. Meli Gets It All Together As Athletic Director

Who else would be able to schedule games, matches, and meets for 19 teams but Mr. Meli, our own athletic director. He has the responsibility for all eligibility lists, insurance forms, gym use, over-scheduling, complaint letters, and anything else that may come up. He also issues contracts for all officials who work for NHS, takes the responsibility for admissions, and pays all athletic bills.

"The hardest part of the job is the scheduling," said Mr. Meli. "Sometimes there are confusions; then it's my job to straighten them out."

Headache #609 - 1977

In his second year of coaching the 7th grade, Gregg Nelson led his young cagers to a season record of 7-1. The team had big wins over Bothwell with Karl Weber leading the team in scoring throughout the year. They'll be back in heart next year to play again.

J.V.'s Use Winning Formula

Gus for 2

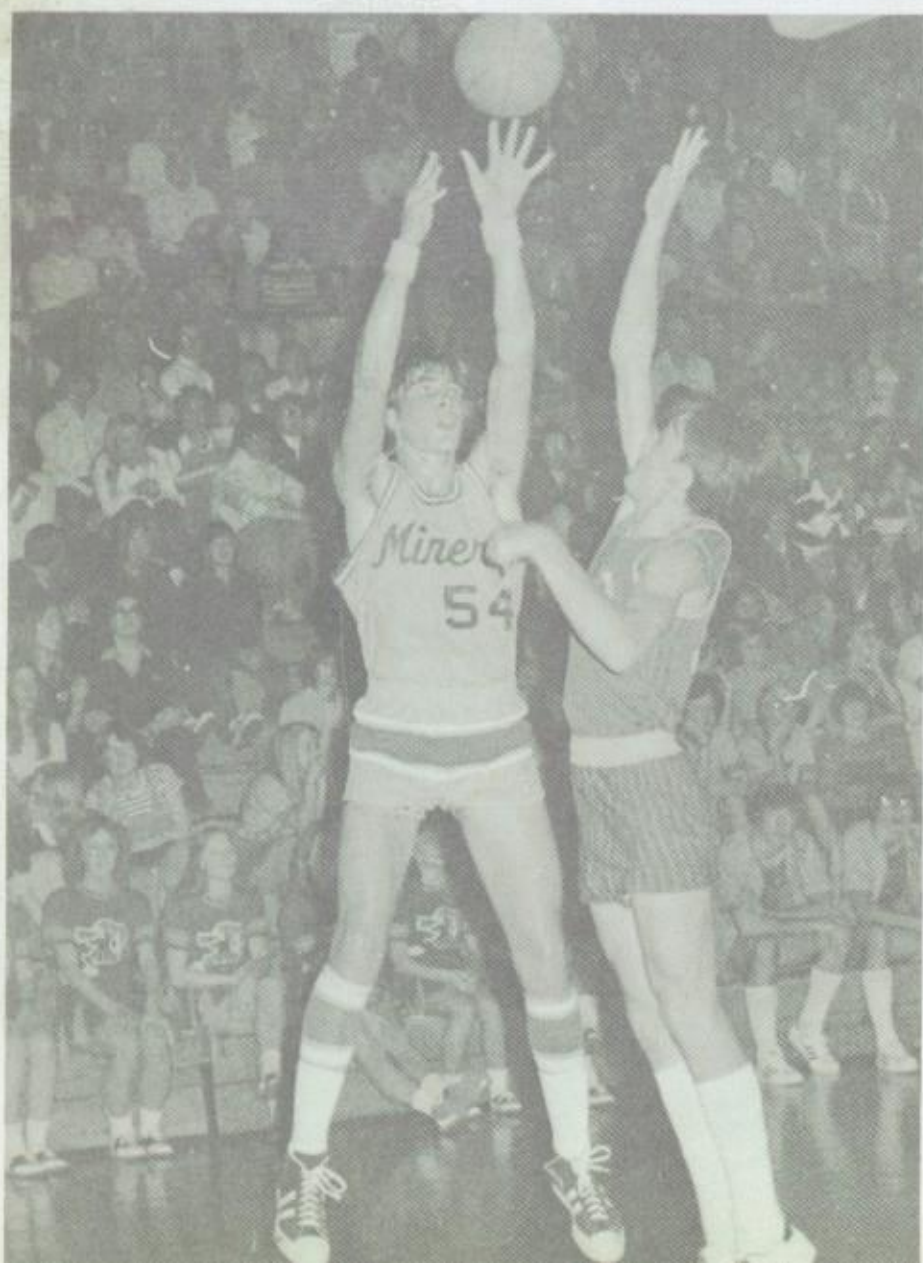

This year, Coach Les Coduti lead his team to the J.V. Mid-Peninsula Championship with an over all mark of 15-5. Last year they shared the conference title with Norway. The leading scorer for the J.V.'s was Greg Gustafson and rebounders were close between Mark Quayle and Gregg Gustafson.

Completing their season with a 17-3 record, the Miner Varsity found the winning formula. Although they came in second in the conference, they beat everyone except Norway. One of these losses was by one point—a desperation shot at the buzzer and the other game by 10. The team was also beaten by Escanaba in non-conference play.

Top scorer and rebounder for the season was John Vercoe with 396 points, an average of 19.8 per game and 348 rebounds. Tom O'Neil was second in both of these categories with 208 points and 106 rebounds. Jon Jennings lead the team in assists at 106; Steve Brownell followed with 61. Credited with the most steals was Jon Jennings, 37 and Gary Garceau, 31.

The Miners averaged 64.7 points per game, the opponent scoring 55.6.

Coach Receives Top Honor

In March, Coach Dave Hallgren was named the class "C" coach of the year for the 1976-77 season.

Coach Hallgren came to Negaunee in 1976 as head basketball coach. Before coming to Negaunee, he coached at Channing, Galien, and was assistant coach at Menominee when they won the State Championship in '67.

His record at Negaunee is 142-52. During this time his teams have won five districts, and three regional tournaments. In 1975 they were defeated by the Bay City All Saints in the Semi-Finals 64-62. Last year they lost in the Finals 57-50 to Buchanen. His overall record career is 211-96 at the varsity level and 31-19 at the J.V.

Good defense and team work on both offense and defense are stressed strongly. As a result of this, Negaunee has won three consecutive Conference Championships and has won the Rudness trophy three years in a row. Also a well developed program starting at the grade school level with devoted coaches.

Entering his 21st year of coaching and teaching has certainly paid off in many ways.

"At first when I received the call, I thought it was all a big joke, but soon I realized it was true. It was really hard to believe, said Hallgren."

Gymnasts Have Respectable Season

Beginning practice in November, the Varsity, J.V., and Jr. High worked hard for their first meet in early February. Under Coach Sharleen Hill and new assistant Cathy Carr the girls made considerable progress and had a respectable season. For the first time, the Varsity team qualified for the U.P. Finals. This allowed them to enter three girls in each event.

Five Qualify For U.P. Finals

Leading this year's wrestling team with the most wins was sophomore Ricky Champion. Wrestling at 112 lbs. Ricky placed 1st in the Mid-Peninsula and 2nd in the U.P. Other qualifiers for the U.P. finals were Tom Schoonover at 126 lbs. who finished 4th, Rodney Champion at 105 lbs. Eric Kestila at 119 lbs. and Don Brown at 155 lbs.

Placing in the conference were Barry Hosking at 119 lbs.-1st, Rodney Champion at 105 lbs.-3rd, Mark Weber at 98 lbs.-3rd, Don Brown at 155 lbs.-3rd, and Ted Clark at 191 lbs.-3rd.

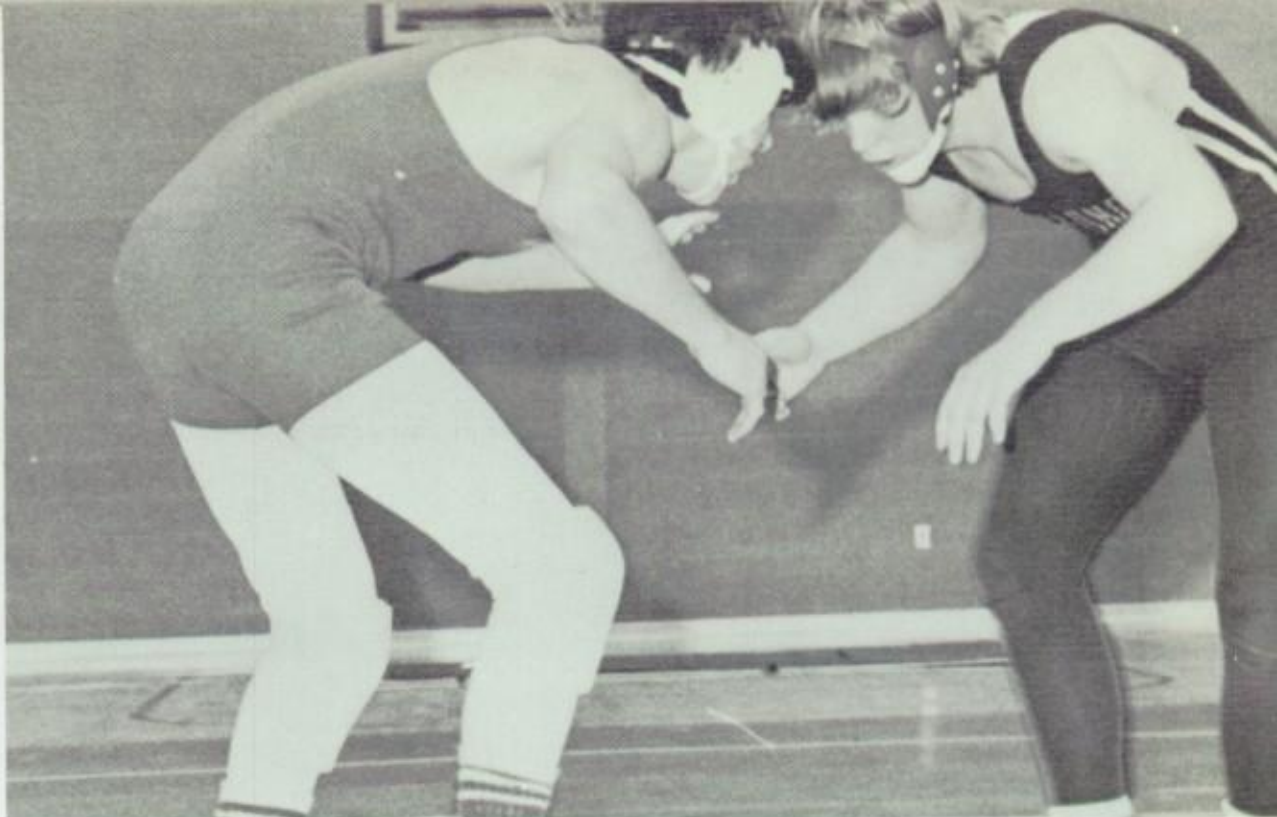

One of the main reasons the team didn't fare so well was the fact that they had to forfeit weight classes because of injuries or other problems and had no replacement.

This was the first year as head coach for Chum Hobson.

Boosters

The Miner Booster Club is a group of people who are concerned about sports. They help out at the games controlling the crowd, watching doors, and everyone's favorite-selling candy, pop, and chips. The profits are used to buy needed equipment, uniforms, and other necessities used in athletics. and other activities.

In the fall and spring, the Boosters sponsor Athletic Banquets to honor all of our athletes. Without this group of concerned people, NHS athletics wouldn't be the same. Neither would the games.

Hey Guys . . .

Sats

This year's Sats Program involved about 125 boys from seventh grade Thru seniors. Mr. Chevrette organized the program in November and everything started out well with few people dropping out. Dave Dompierre said everything was really well organized which made it all the more fun. He's been in Sats for four years.

In order for the program to continue annually, there has to be a lot of interest. It sure was shown at NHS this year and hopefully will continue.

Michael Haase

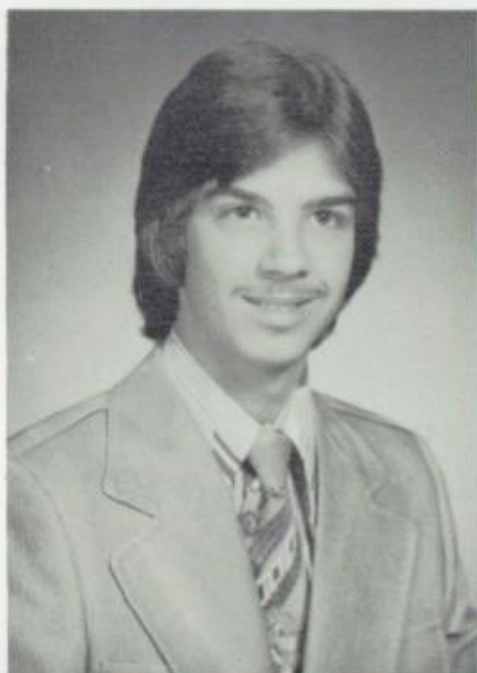

"It's one of the craziest things I've ever done." This is how Michael Haase describes being an exchange student. Seventeen years old, Michael left his home in Bettmar Germany to attend N. H. S.

He stayed at the Bridges' home. After six years of studying English in Germany, Michael did very well adjusting to the life in the U. S. His classes included Adv. Chemistry, Adv. Biology, Physics, Calculus, Pre-College English, Government, and Sociology. After the year is over, he plans to attend college; if he continues to do well, the German government will pay for his college education.

And he is faced with many decisions--to marry or not to marry, to have children or not to have children, where to live, what to do, and how do it.

Members of the National Honor Society are named by a set procedure each year. After all grades are in for the first semester of the senior year and class standings are figured, the top 40 students with averages of 3.0 or better are listed with their class standings for voting by the faculty.

Faculty members are asked to rank the entire list considering participation in extracurricular activities, leadership, and character. Rankings are then added, and students with the lowest numbers are named to National Honor. Fifteen percent of the graduating class determines the number of students initiated into the society.

In April a public initiation ceremony is held at which these students are recognized.

78 Juniors

THE JUNIORS -- We asked some Juniors how they felt about being Juniors. Ricky Laitinen said, "It's better than being a sophomore." When asked how she felt, Heidi Bergh said, "I haven't decided yet." Being a Junior means doing things. This year's Junior class sold magazines to raise money. Being a Junior is also something very special. You not only are looking forward to your Senior year, but you are the class that sponsors the annual Junior Dinner Dance. This year's dance was a big success. Being a Junior also means rings. For the first time in a long time rings were ordered from the Terryberry Company. Everyone seemed quite satisfied. Mr. Campbell is the advisor.

Sophomores

"We have a lot of spirit!" That's how Kim Grenfell describes this year's sophomore class. And, if you look around the school, you'll have to agree with her. To raise money for the shrinking treasury, the class sold pins. The slogans on the pins told everyone what kind of school supporter you were. One pin stated, "We are the Miners!" while the other pin loudly boasted, "Class of '79"! The class of '79 also had a class party. Any member of this sophomore class could bring a guest. At 11:30, everyone left the party with the feeling of success, and with the thought of the Four Season's hit, "Oh What a Night" still ringing in their ears! Mrs. Koehs is the advisor.

"It's a Great Feeling!" was the answer we got from Francine Thomas when we asked her what it felt like to be a Freshman. Yes, Fran, it must be a great feeling to be a Freshman. You certainly can tell who the Freshman are when you go to a basketball game; they're the ones who won't stop cheering. It's also a great feeling to be at the Freshman class party when the King and Queen are announced. Everyone was satisfied when the names were read: LaVerne Paris and Phil Luoma!

When you finally reach the eighth grade, you are no longer known as "Oh, Them?" You are finally recognized as full grown N.H.S.'ers. This year's Eighth grade class made sure everyone really became popular this year, mainly because of those fabulous Polo Shirts they sold. This year's seventh graders certainly weren't slow in making their presence known.

It wasn't long before their loud cry was heard throughout the school, "Wanna buy a hat?" Well, I bought mine, did you?

The class consists of 81 boys and 83 girls. The class party was a success and so were their potato chip sales.

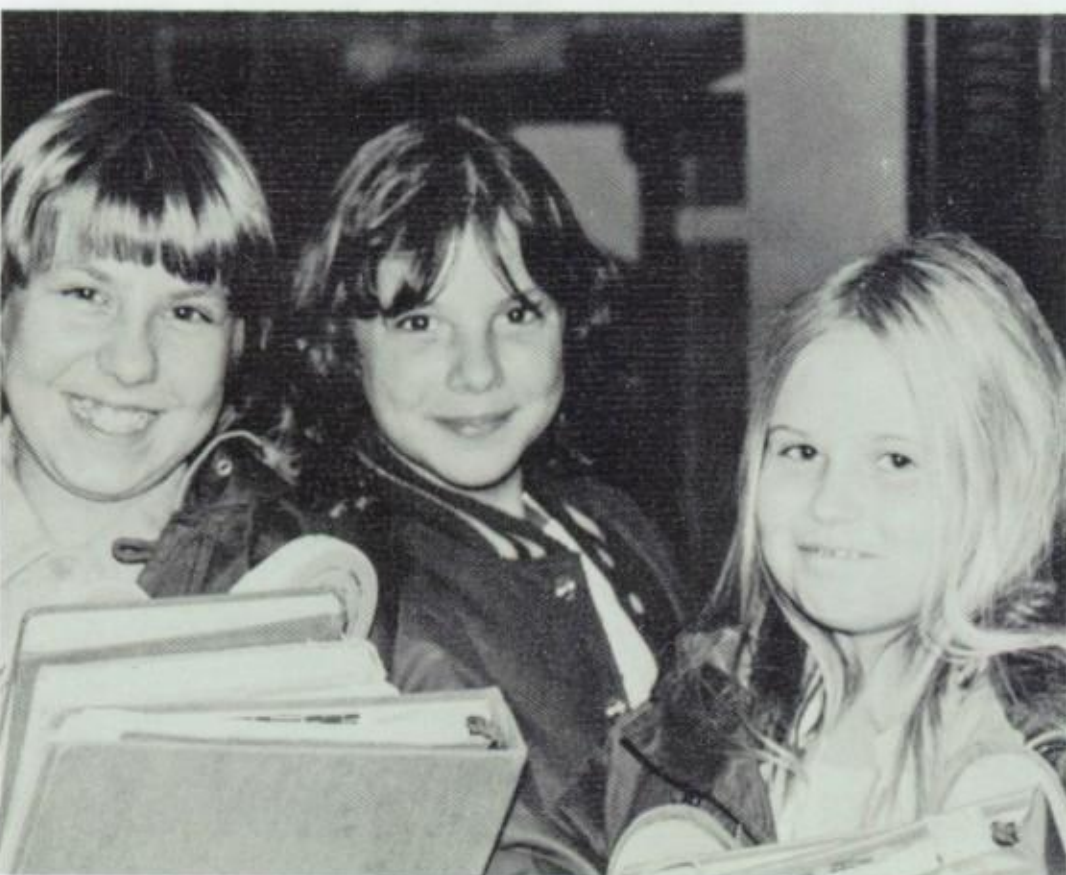

Now consider for a moment how dull the school year would be if it weren't for the few aimless wanderers of the seventh grade. But all things considered, Vineta Miller, class adviser thinks they got off to a great start.

'Guys and Dolls' performance leaves audience wanting more

By JOHN BAUER
Journal Staff Writer

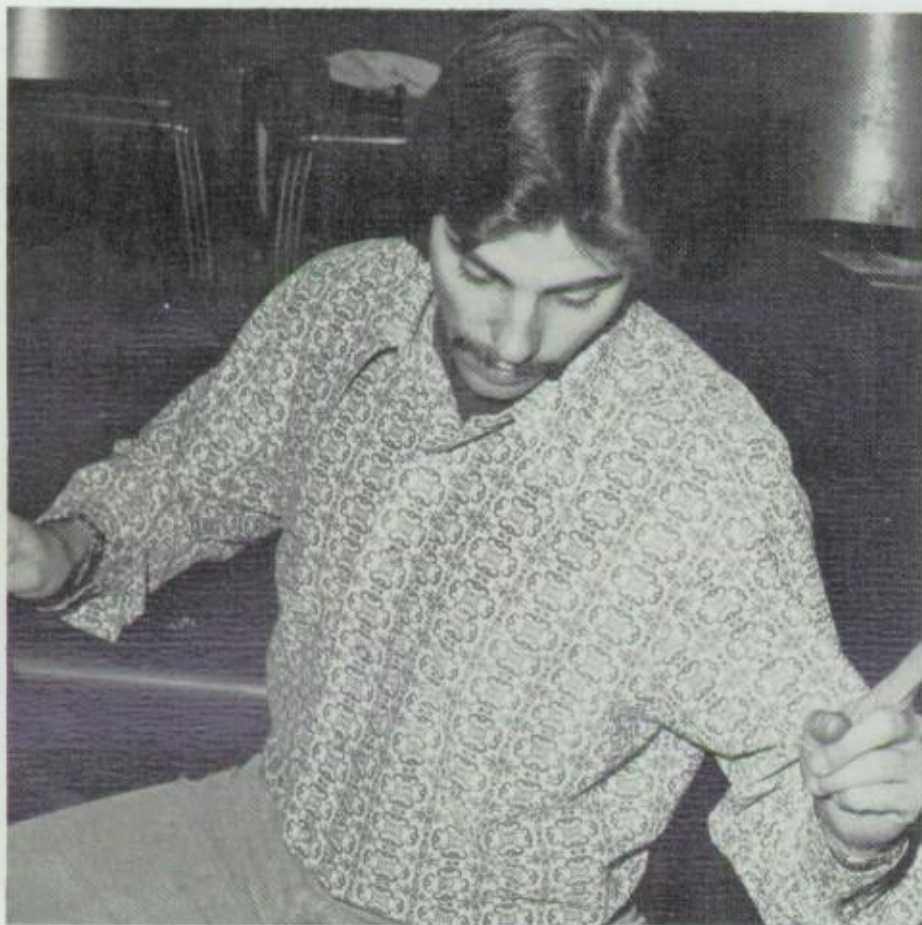

NEGAUNEE—A near-capacity crowd in Negaunee's Vista Theater gave a standing ovation to cast members in the Peninsula Arts Appreciation Council (PAAC) production of *Guys and Dolls*, a bright, snappy musical by Frank Loesser.

The cast, all students in Marquette County high schools, provided a refreshing vitality which kept last night's audience laughing and applauding throughout the production.

Miss Adelaide: Francine Thomas

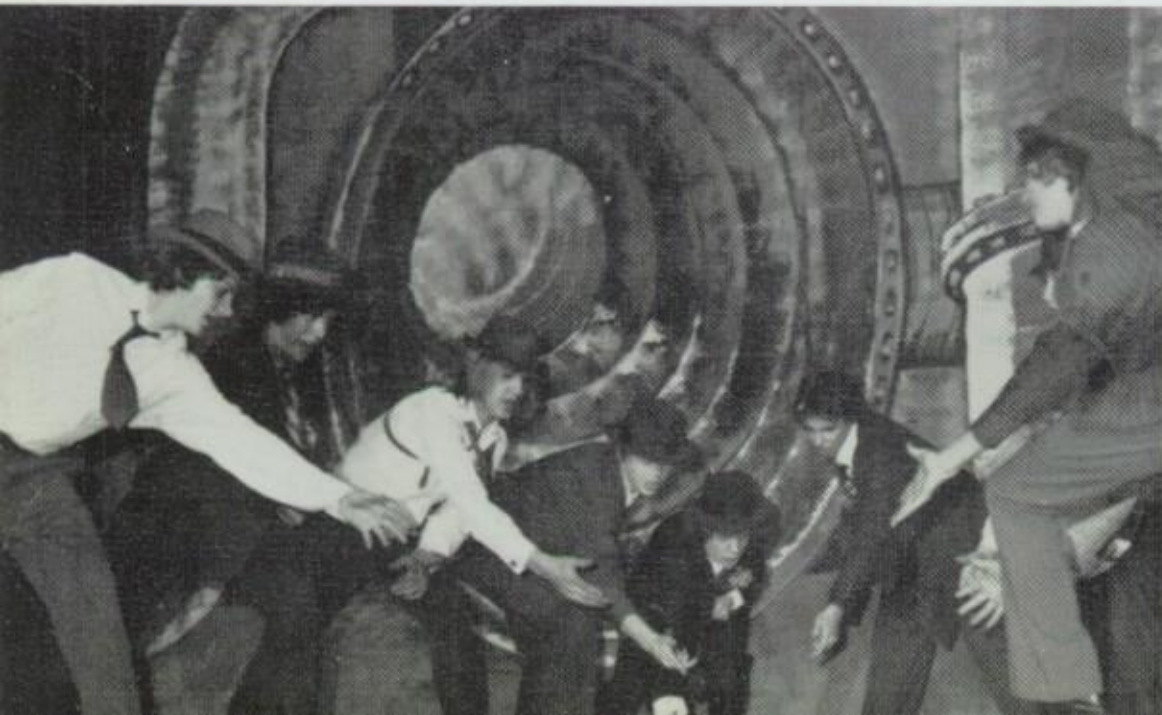

"TAKE IT FROM THE TOP"

"Luck Be A Lady With Me"

"PLEASE Let us go!"

Guys and Dolls is the story of two romances which blossom despite the complications of the gambling life in New York City in the 1940s.

Ken Krook plays Sky Masterson, a big-time gambler whose limit is as high as his name. Nathan Detroit, played by Robert Spear, has the distinction of running the "oldest established floating crap game in town."

Both men become involved with "dolls" who, although threatening the gamblers' carefree lifestyles, seem to exert an overpowering control over the high rollers.

Masterson falls quickly for Salvation Army Sgt. Sarah Brown, played by Susan Britton, while Detroit finds himself moving ever closer to the wedding he has managed to postpone for 14 years with Adelaide, a nightclub entertainer played by Francine Thomas—who would obviously rather be working in the kitchen instead of in The Hot Box.

Supporting characters Benny Southstreet, played by Mike Lyons and Nicely-Nicely Johnson, played by Dennis Donnelly, proved to be masters at delivering one-liners and singing several "crap-shooters' theme songs."

The production contains a number of well-known show tunes, some of the best from last night's performance including "Fugue for Tinhorns," "The Oldest Established," "I'll Know," "A Bushel and a Peck," "Guys and Dolls," "Take Back Your Mink," "Luck Be a Lady" and "Sit Down, You're Rockin' the Boat."

Artist Roger Junak, PAAC's executive director, provided two colorful and original backdrops for the production, creating a unique view of a sewer where a crap game is in progress and capturing the bright lights and sultry beauty of Broadway in the show's main set.

Other members of the cast contributing to the vivacity and humor of the show include Scott Cook as Rusty Charlie, Steve Fries as Arvide Abernathy, Joe Shapiro as Lt. Brannigan, Shawn Wickstrom as Big Jule, Jeff Nannestad as Harry the Horse, Sarah Kemppainen as Gen. Matilda Cartwright, Karen Paquette as Agatha, Peggy LaBelle as Martha, Carol Heikkinen as Mimi, Mike Kunnari as Joey Biltmore and Liver Lips Louie, Julie Shapiro as a Cuban dancer, Mike Shapiro as The Hot Box master of ceremonies, Curt Collins as Scranton Slim, Mike Smith and Angie the Ox, Mike Anderson as Brandy Bottle Bates and Kelly Method, Connie Penhale and Julie Shapiro as the New Yorkers.

The Hot Box girls, who perform several lively numbers, include Chris Heikkinen, Peggy Beauchamp, Pam Saari, Lori Johnson, Lori Stanaway, Barb Korpi and Lori Matthews.

Although last night was the first time many of the cast members have appeared on stage, the entire production was professionally done.

The show's finale, in which the entire cast sings the theme song, left the audience applauding for more and an encore was preformed with enough enthusiasm to give everyone a lift.

Student Council

In the midst of locker inspections and ushering services, the student Council this year has taken action on several student-initiated problem spots. They have acted as an information collecting agency in clarifying minimum course requirement, sold advertisements for tournament programs, and helped with parent visitation.

At this time they are researching the feasibility of adding a pop machine in the lunch room as an alternate beverage possibility.

A major accomplishment of the year was a study of an open gradebook request by students. As the result of this study, they recommended certain rulings to the board of education. In due time the Board accepted the recommendations of the Council and enacted written policy which guarantees the student the right to see and check his grade at any time during the semester by making an appointment with the teacher.

Six out of seven of these chose summer as their favorite season and small wonder since they list fishing, golfing, and swimming among their favorite pastimes. The nonconformist is Miss Sivula who says "I love all seasons" and adds backpacking, skiing, and needlework as her hobbies, proving once again that 'for everything there is a season.'

Reading claims some of Miss Saari's time and of Mr. Campbell's too. Mr. Kytta builds houses when he's not in school.

Mr. Tripp is one of the shared-time teachers and spends only part of his day at NHS.

Colleges represented by these teachers spread across the country-Indiana, Oregon, Missouri, and NMU.

Who says teachers are all the same?

Janice Sivula, Biology
Sylvia Saari, English

Donald Campbell, Soc. St., English

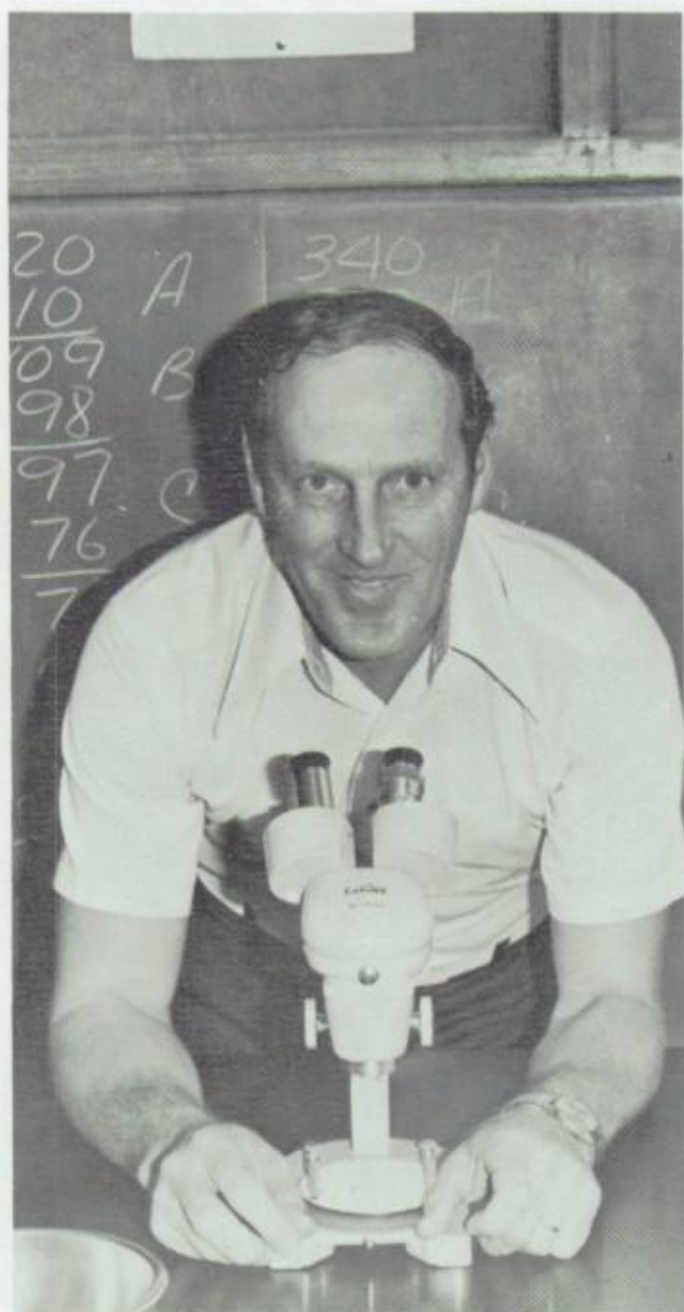

Gordon Kytta, Shop

Karen Clements, Social Studies

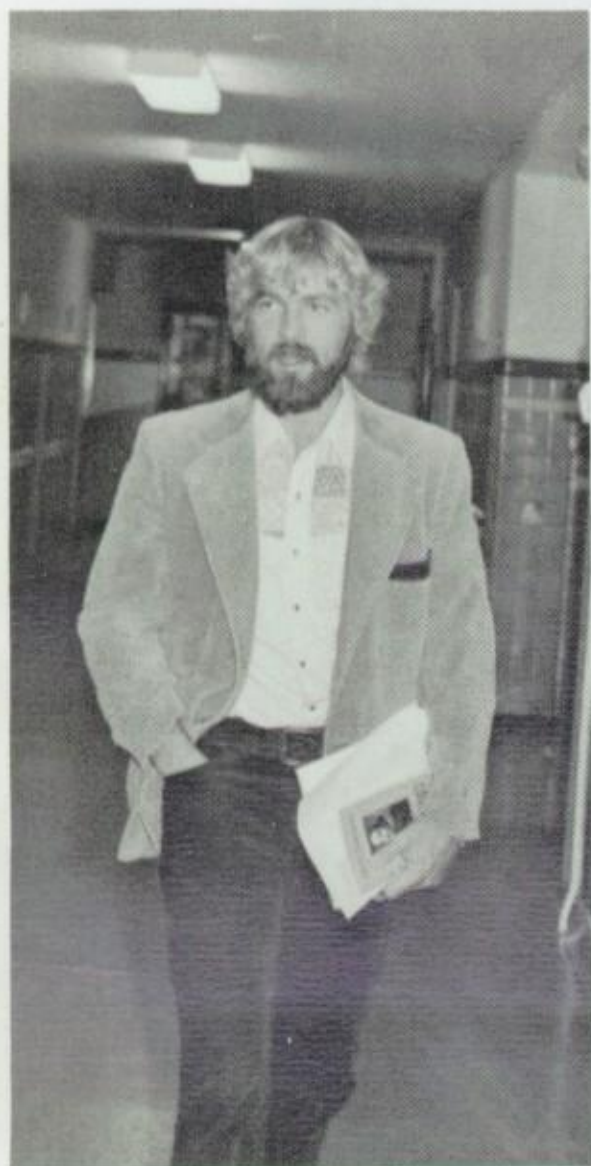

Robert Ellis, Science

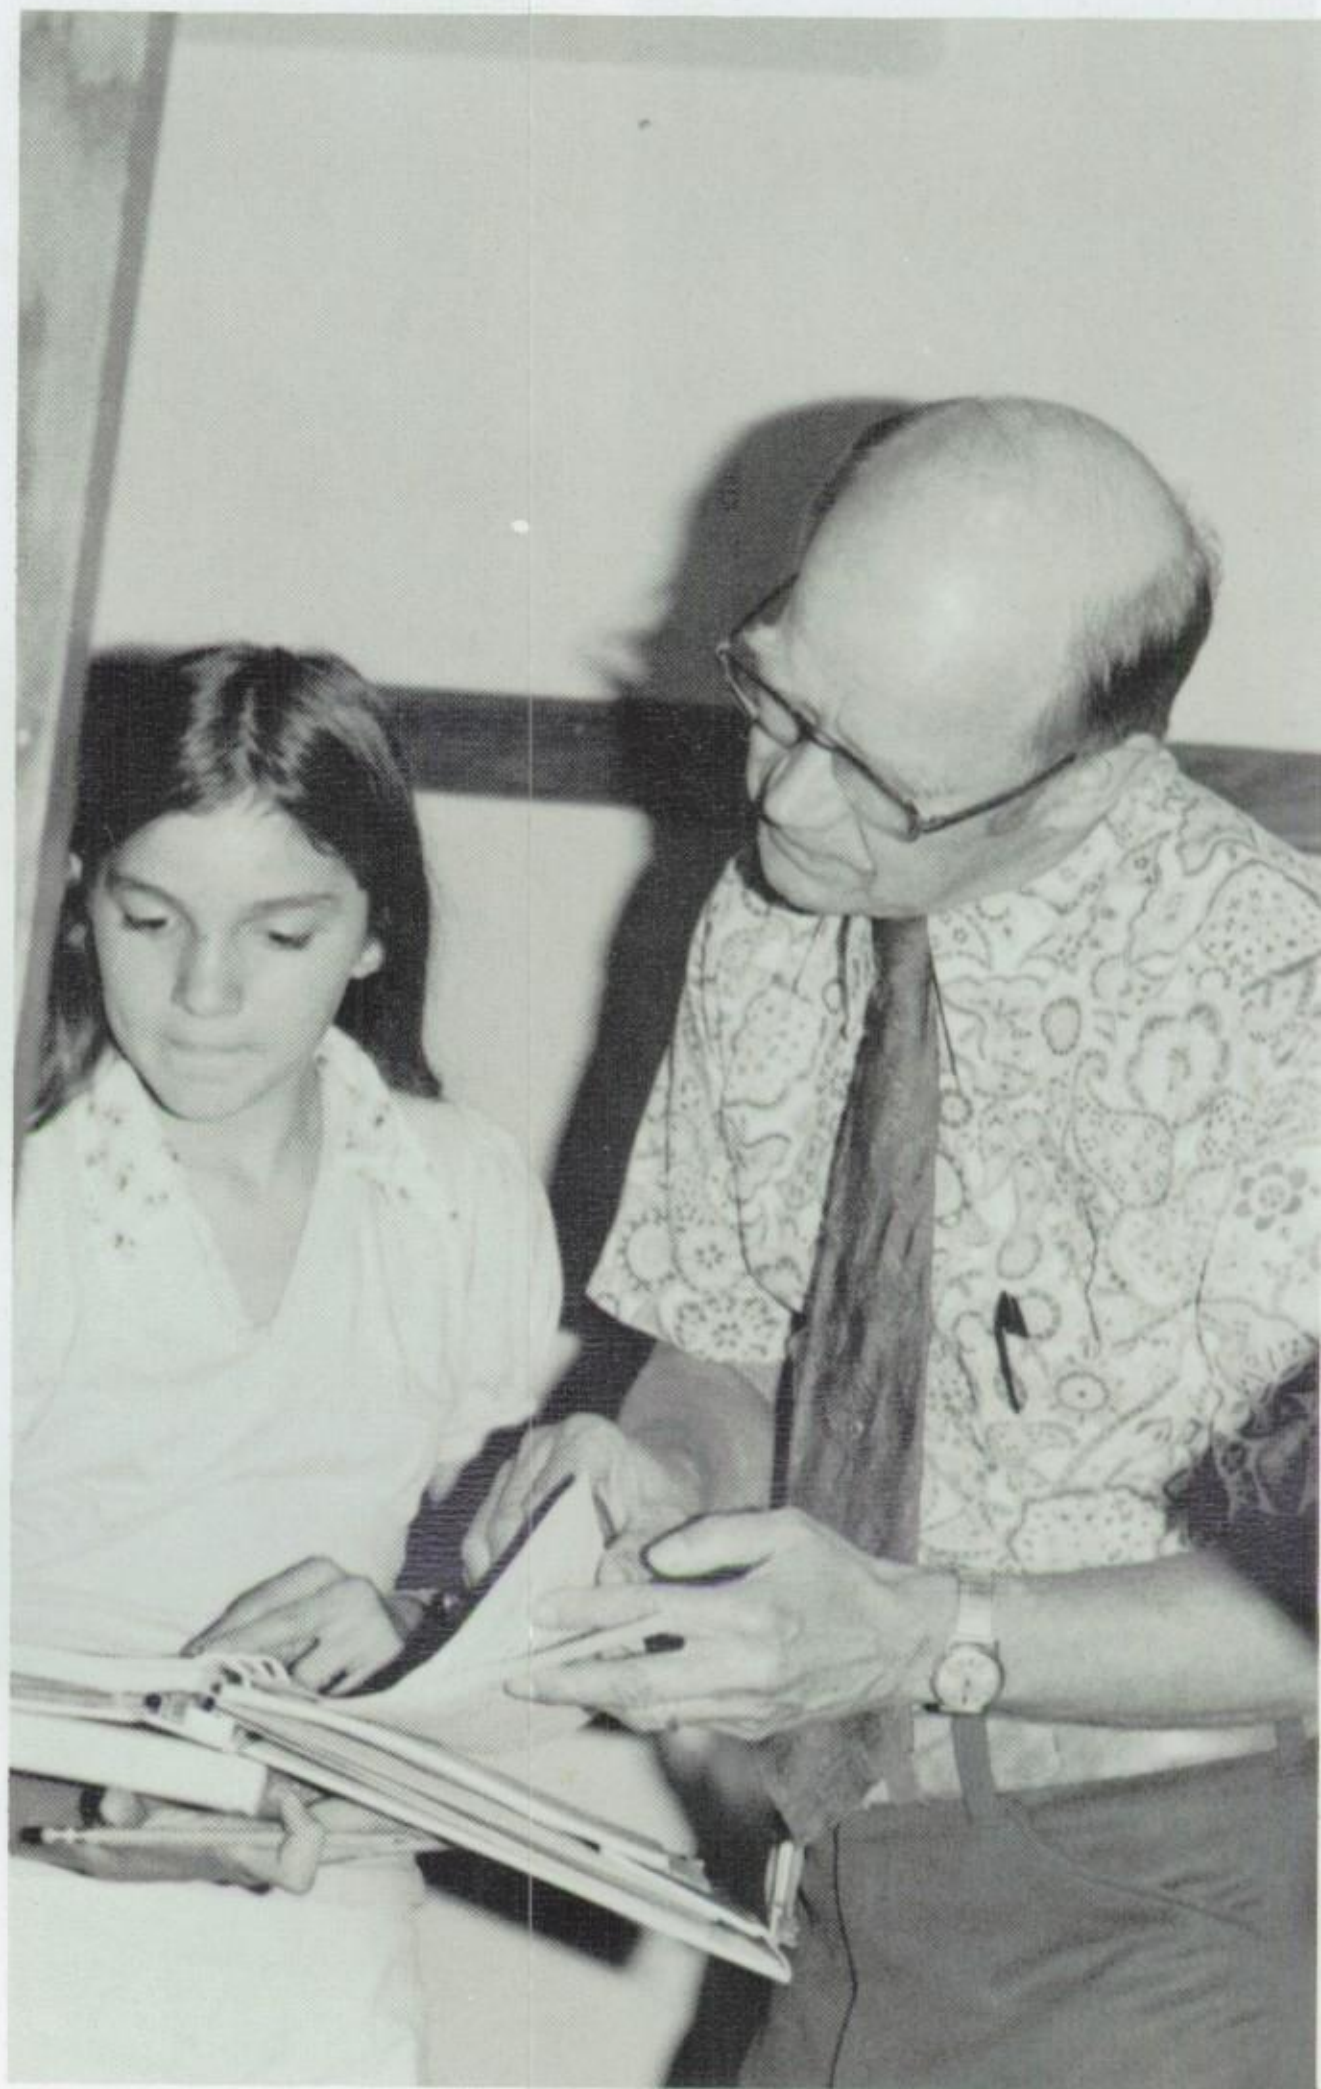

John Tripp, Business

The teachers-- a poet (Mr. Peterson), a gourmet cook (Miss Miller), a master diaper changer (Mr. Pynnonen), a traveler (Miss Ranta), and a college math instructor turned high school Spanish teacher (Mr. Farrell). Variety is the word for all and especially for Mr. Pynnonen in whose home 41 foster children have found loving care and dry diapers.

Brian Peterson
English, Soc. Stud.

L.W. Pynnonen, Mathematics

Elma Ranta, Home economics
Bruce Farrell, Spanish, mathematics

Berlyene Miller, English

Hobbies? Miss Ranta says "things Finnish." She often speaks and shows slides of her travels.

Extra-curricular activities spend the hours of three of the teachers - Miss Miller for a second year advises the Student Council. Mr. Farrell, organizer par excellence, hires the fan buses and rides them too. Both debate and forensics are coached by Mr. Peterson.

The educational score is three from NMU, one from Oklahoma and one from the University of Detroit via Alma College.

LeRoy Process, Shop

Gerald Anderson, Band

Mark Setterlind,
Orchestra

Swen Nurkala, Art

Mary Trolla
Chorus

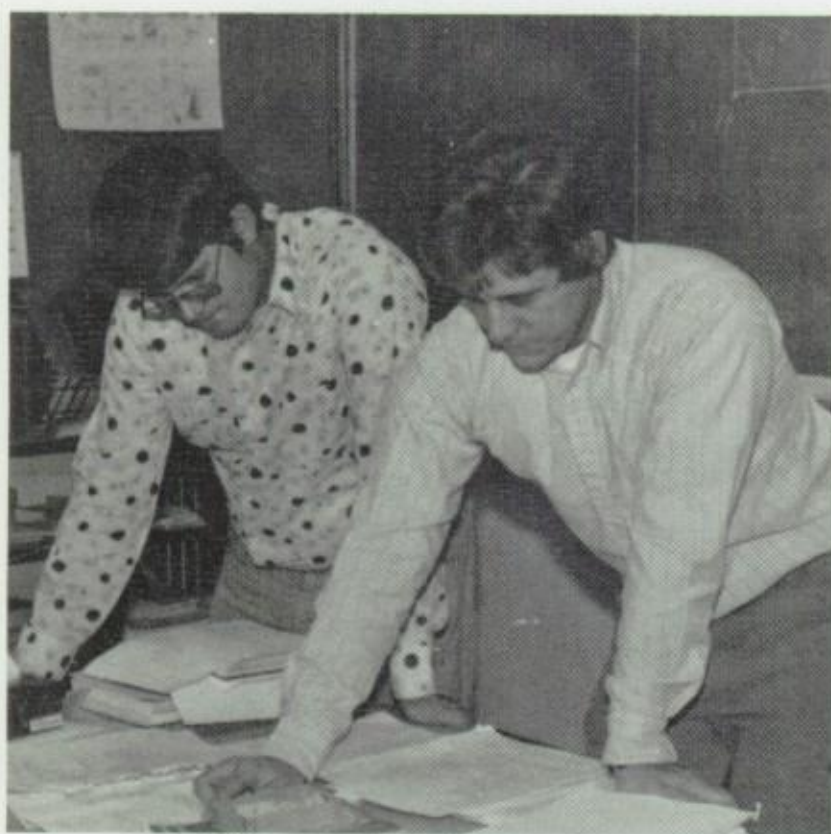

Kenneth Tuominen,
Mathematics

What is behind the mask of a teacher?

Mr. Anderson is a tennis buff and a performer. Among his credits are NMU's Fantastiks and the lead role in both OKLAHOMA and ANNIE GET YOUR GUN for PAAC. And two more for music-Miss Trolla whose enthusiasm for music has left its mark on hundreds of singers from NHS. Mr. Setterlind is new to the NHS orchestra and new to teaching. Mr. Nurkala is Negaunee's permanent artist in residence.

Mr. Process and Mr. Tuominen share an interest in outdoor sports - year around.

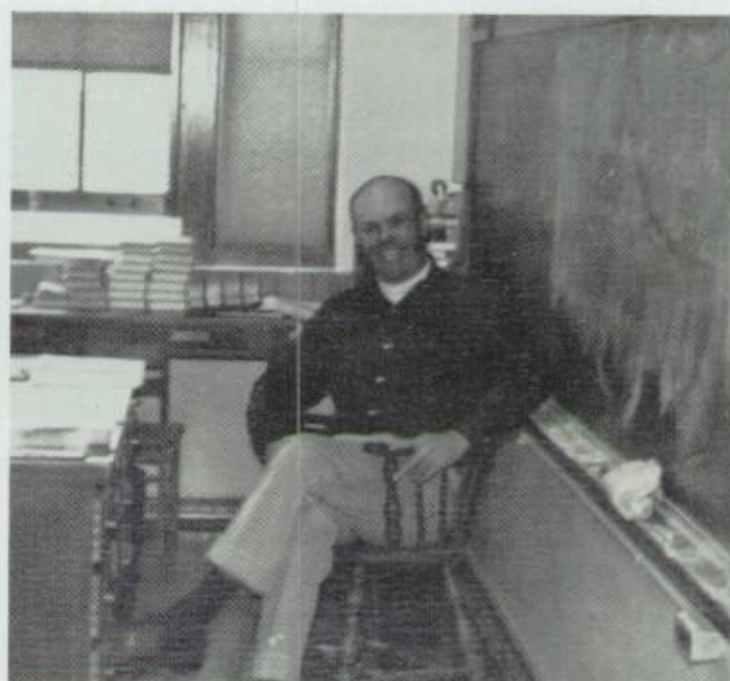

Duane Palomaki

Vineta Miller

Grace Kukuk

Robert Brumm

Arthur Wassberg

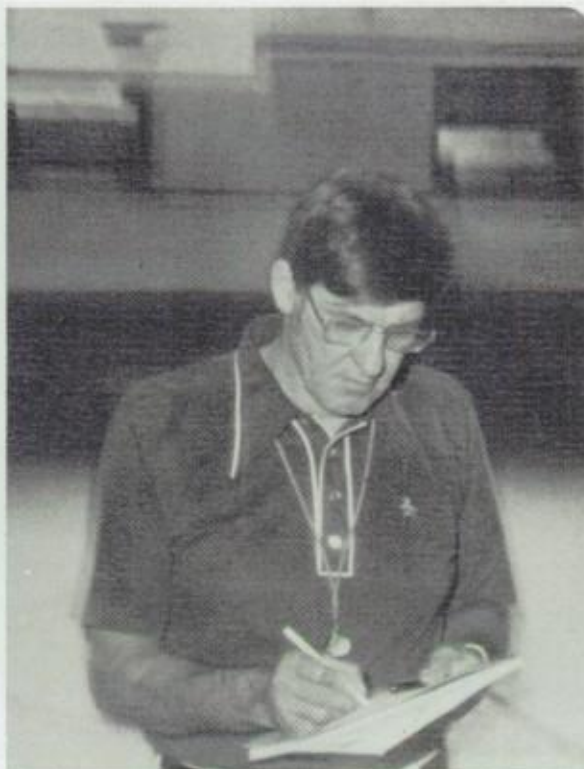

Irene Payan

"Any season is a good time to kick off your shoes and play," says Counselor Miller and most of the rest of this group must concur since they list summer and water sports as favorite activities. Mrs. Payan hears a different song and is led to travel, photograph, and write.

You'd expect a mathman to advise the chess club and Mr. Palomaki does. Mr. Brumm and Mrs. Payan teach English; Mrs. Kukuk cooking; and Mr. Wassberg commercial classes.

NMU is the school four to three among this group. U of W, Western Michigan, and Trinity College in Washington D. C. emphasize the diversity of the faculty. Sports, reading, cooking head of hobbies, giving lie again to the stereotype of the teacher. Mr. Ilnicky's birdbanding is perhaps the most unique after-hours pastime at NHS.

Subjects taught run the gamut of high school offerings -- vocational in the business classes of Mr. White and printing and drafting with Mr. Chevrette; the physical in the gym classes of Mr. Taylor and the health classes taught by Mr. Prusi; the academic represented by math for Mrs. Dulany and history with Mr. Ilnicky. Responsible to the total school scene is media specialist Mrs. Paulin.

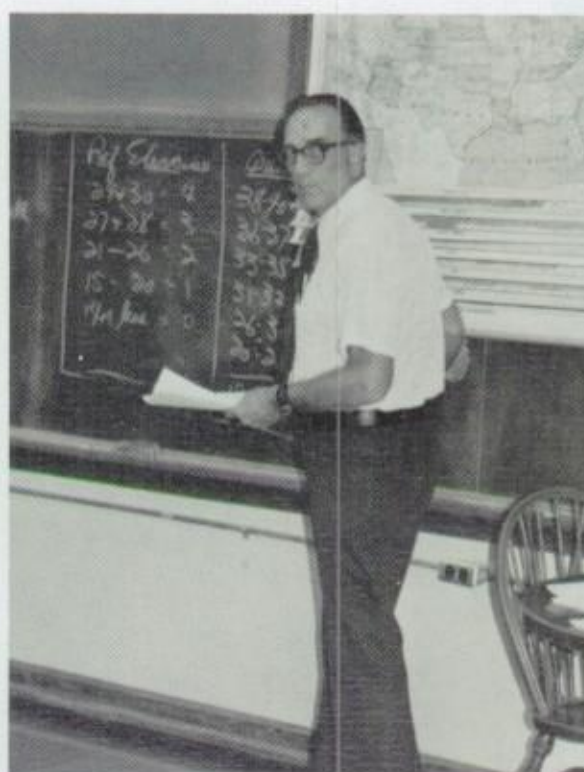

Pick one season? None here could do it. All of them have their good points. The list of hobbies is long- swimming, reading, gardening, sewing, carpentry, and the theater. Books and publications have both been lifetime interests for Mrs. Zesiger (lucky since they seem to be a part of English). Mrs. Holman made theater a big part of her years at MNU. Former coach Morris teaches geography; Mrs. Matthews, math; and Mrs. Koebs, home economics and Marriage and Family.

Again a hobby listed by none else, Mr. Tassone is into beagling. Hunting, fishing, skiing, camping - in fact all outdoor activities rank on top with these teachers. NMU, Tech, U of Minnesota are their schools.

Mr. Maki and Miss Hill are coaches. Mr. Carlson is relatively new to teaching having come from industry into chemistry and physics. Here Mrs. Flannigan checks the English skills of a prospective student.

Coaching looms big in the lives of three - Mr. Koski (football), Mr. Hallgren and Mr. Coduti (basketball).

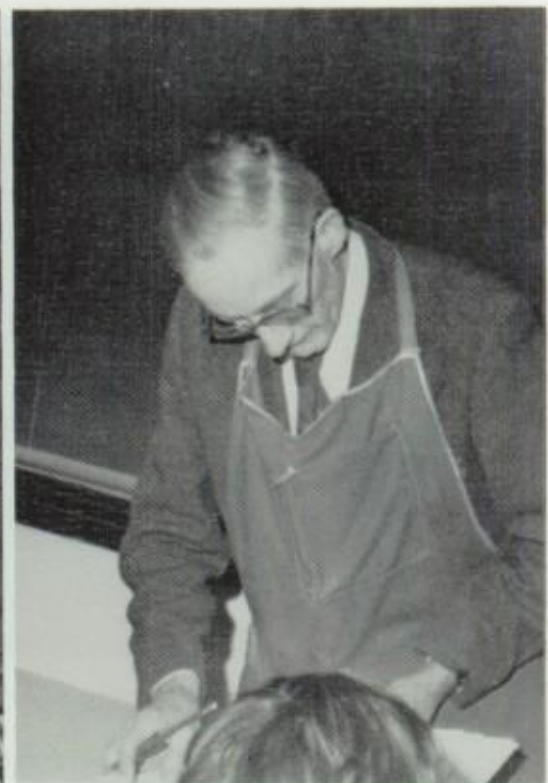

Basketball is also an important fact of life to Mr. Lafna who played for N.M.U. He teaches the oral deaf.

New to the system at semester break is Mrs. DeGabriele, a learning disability teacher who formerly taught in Marquette.

Even if you've never taken shop you probably know Mr. Gimse as proprietor of the Red Horse Inn at Gwinn --Oh, those sleigh rides.

Another word for Graduation is Commencement. And that might be a good thing for graduates to keep in mind as they receive their diplomas.

It's no accident that the most successful men in history looked upon themselves as life-long students. They never thought of themselves as graduating, but only as commencing to learn. One of them—Goethe—put it rather well:

*Are you in earnest? Seize this very minute:
Courage has genius, power, and magic in it.
Only engage, and then the mind grows heated:
Begin it — and the work will be completed.*

With best wishes to those who are commencing . . .

After Word . . .

The idea of what goes on behind the masks worn by the school populace--the letter jacket, the blue derby, the blue jeans, the chorus robe, the Baretta T-shirt--is an intriguing one. What is behind the mask? Who is behind the mask?

Thanks to Julie Parkkonen for an especially good job of keeping the books and to Bob Gero and Bryan Beaudry who counted and carried hundreds of dollars in change, checks, and cash.

Activities editor Mike Kunnari will edit next year's book.

--Mrs. Zesiger

Doose, (my study hall partner)

Always remember 2nd hour study hall
with Charles White. That's all you ever
talked about was basketball and the
Milwaukee Journal. Next time someone calls
at our house asking for Bob, (I'll say
you mean Doose??) Remember Silly and his
Dog shirt (or I mean Cool Blue go) I've
always known you from before because lots
of people thought we were cousins but I
never really talked to you until this
year. Well I'll probably see you around
this summer in a driver's Ed car. Be
careful so you don't hit any mailboxes!
Maybe you'll get Mr. White for a teacher.
Have fun on all of your trips that you'll
be going on, write me a postcard
from one of those foreign places. Well I'll
only be around one more year to do all
of your homework. Good luck in your
next 3 years at N.H.S. See you around.

AFA
Joni "78"

Good luck on getting confirmed maybe I'll see
you in church some Sunday (unlike story)

Moore,

Always remember our 2nd hr. study hall and
time but then "Chuckie" had to ruin it all by
putting us in alphabetical order. But we still had
pretty much fun! Remember how I helped you
by talking my mother into buying the Milwaukee
journal from you. At it wouldn't have been for
me you would have had one less customer! I'll
never forget your hounding voice repeating the
word "blame" and how you put me in an
embarrassing spot the day you said it when
I was there. Well I'm glad I got to know
you and I hope to see you around this summer
it easy!!! Please luck (especially with dinner!!) and take

A.F.A.
